#### PUTTING INTO DAILY LIFE THE CULTURE OF HONOR

---

[Destiny Image Publishers](#) **Honor? In Today’s World? A one-of-a-kind book in both subject and perspective! The Practice of Honor is about reformation of honor—it is intended to disrupt your current model of authority! Jesus put it like this, “You know that the rulers of the Gentiles lord it over them, and those who are great exercise authority over them. Yet it shall not be so among you; but whoever desires to become great among you, let him be your servant” (Matthew 20:25-26). In some realms, honor is something defended to the death. However you have defined and cultivated honor up to now, The Practice of Honor may require a significant paradigm shift in your thinking. Based on the revival culture of the very spiritually successful Bethel Church in Redding, California, this book is also a template to help any leader develop an environment that brings out the very best in people. The Practice of Honor is a recipe for introducing the Spirit of God, and all of His freedom, and how to host and embrace that freedom as a community of believers. Those with power must learn how to empower those around them—or Heaven on the earth will never be realized as God intended.**

### **RELATIONSHIPS**

---

Xlibris Corporation This book evolved from years of practice of a psychotherapist treating hundreds of individuals and couples. After several years, Dr. Brissie began to notice patterns in the problems of couples and devised a theory as to why relationships fail and developed solutions which proved successful in her practice. The most popular part of the book is an identification of roles individuals assume in their primary relationships with their spouses or significant others. For example a Critical (controlling) person usually chooses a Rebellious (Passive or Aggressive) person. A Rescuer chooses a Compliant person; both groups could never understand how they were ever attracted to each other or complained "he/she is not the same person I first met." After couples were able to see these characteristics in themselves and others, they learned to better communicate and work on undesirable behaviors. Most couples learned the greatest enemy to a relationship is 'built resentment" by one or both parties, thus making communication a vital part of a healthy relationship. The realities of divorce is also included in the book describing the ultimate impact on all members of the family and the families of origin. Another part of the book is designed to help individuals gain insight into knowing themselves better, thus improving communications skills and improving all relationships. No self help book is complete without helping readers improve their self esteem and educating them about how therapy can help. The author presents suggestions for finding a good therapist. The book is written without psychological jargon thus making it easy to read and understand. Many find it excellent as a future reference. After the first publication, the author was invited to be a keynote speaker at McLean Hospital (one of Harvard's teaching hospitals)during a mental health week. The book is currently on Dr. Harville Hendrix's recommended reading list. It remains timely after many years in our current social networking, multiple marriage, complex society. The author hopes you will find it helpful to you as it has been to the majority of her clients and readers.

### **WHY WE DO THINGS, WHY WE DON'T, AND HOW TO MAKE ANY CHANGE STICK**

---

Da Capo Lifelong Books Say you want to start going to the gym or practicing a musical instrument. How long should it take before you stop having to force it and start doing it automatically? The surprising answers are found in Making Habits, Breaking Habits, a psychologist's popular examination of one of the most powerful and under-appreciated processes in the mind. Although people like to think that they are in control, much of human behavior occurs without any decision-making or conscious thought. Drawing on hundreds of fascinating studies, psychologist Jeremy Dean busts the myths to finally explain why seemingly easy habits, like eating an apple a day, can be surprisingly difficult to form, and how to take charge of your brain's natural "autopilot" to make any change stick. Witty and intriguing, Making Habits, Breaking Habits shows how behavior is more than just a product of what you think. It is possible to bend your habits to your will -- and be happier, more creative, and more productive.

### **THE MESSAGE OF THE PROPHETS**

---

---

### **A SURVEY OF THE PROPHETIC AND APOCALYPTIC BOOKS OF THE OLD TESTAMENT**

---

Zondervan Academic Christians sometimes approach the Old Testament with a mixture of awe and bewilderment, knowing that it contains pearls of wisdom, but unsure how to dive for them ... especially when it comes to the Prophets. In The Message of the Prophets, author J. Daniel Hays offers a scholarly, yet readable and student-friendly survey of the Old Testament prophetic literature that presents the message of each prophet in its historical and its biblical context and then tracks that message through the New Testament to challenge readers with what it means for them today. Hays focuses on synthesizing the message of the prophets, which enables students to grasp the major contours of the prophetic books clearly and concisely. Hundreds of colorful pictures help to illustrate the

historical and cultural background of the prophets. After identifying what the message meant for ancient Israel, Hays helps the readers to move toward theological application today, helping readers to gain a better understanding of God and the relationship between God and his people. The Message of the Prophets is essential for professors, students, and others seeking to understand the role that the OT prophets play in the Christian faith.

## BROKEN JAR

---

[Xulon Press](#) Broken Jar is for those who wish to be transformed by the Potter from a showboat into an ark of testimony for Him. It is for earthen vessels who know that to be continually molded by His hands-even broken and reformed, if need be-is the only way to keep bearing His hallmark-the only way to continue glorifying the true Potter. From January through December, these daily devotionals, anchored deeply in the Word of God, ask challenging questions about growing pains and comfortable stagnation: - Are we allowing the Potter to do as He pleases with us, the clay? - Do we trust Him to put pressure where it is needed to mold us to His liking, or do we stiffen at and shrink from His touch? - When we arrive at a shape we like, do we grow so proud and possessive of this present form that we disengage ourselves from the wheel to harden into an independent and finished pot to remain permanently "fixed"? This book is for those jars who refuse to stay fixed. Jan Doke is a retired high school English/Bible Literature teacher. She lives in Belton, Texas with her husband, Larry. When she is not writing, she enjoys studying and teaching the Bible, speaking at women's retreats, mentoring at a drug-rehab center, traveling, hiking, fishing, cooking, and playing with her five grandchildren. She has been published in Christian Woman magazine and is currently working on her first novel, Out of the Chute in Azalea Heights.

## LANGUAGE FUNCTION

---

### AN INTRODUCTION TO PRAGMATIC ASSESSMENT AND INTERVENTION FOR HIGHER ORDER THINKING AND BETTER LITERACY

---

[Jessica Kingsley Publishers](#) Literacy teaching tends to take a structural approach to language, focusing on auditory products or skills such as sounds, morphemes, words, sentences, and vocabulary. However, new research suggests that the majority of English speakers actually think and learn in visual concepts, and that there is a cultural and linguistic mismatch between auditory teaching methods and the way students think and learn. This has important implications for all educators including those who work with students with neurogenic disabilities, such as autism spectrum disorders and ADHD. In her new book, Dr. Ellyn Lucas Arwood outlines a revolutionary four-tiered model of how a learner acquires language, and suggests ways to impose visual language functions onto an auditory language like English in order to improve learning for both neurotypical learners and those with neurogenic disabilities. Dr. Arwood provides tried-and-tested intervention strategies that work with all levels of ability, giving readers the knowledge and confidence to teach learners to become more literate in a way that raises learners' abilities to think and problem solve. This book takes a fresh look at how language and literacy interact, and will be of interest to educators and special educators, speech and language pathologists, and other professionals who support language learning and development.

#### HOW TO AFFAIR-PROOF YOUR MARRIAGE AND 10 OTHER SECRETS TO A GREAT RELATIONSHIP

---

Harmony What's holding you back from a great marriage? "I don't believe in 'okay,' 'decent,' or 'solid' marriages. I'm against them," says M. Gary Neuman. "I believe only in great marriages, and that you should expect and reach for no less." In the last fifteen years, M. Gary Neuman, marital therapist and architect of the Sandcastles Divorce Therapy Program, has helped thousands of couples in crisis. Couples who fight. Who've grown apart. Who are stuck in relationships that run more on routine and rancor than love and understanding. What he's found is that, contrary to popular belief, the problem is usually not poor communication. It's the failure to put most of your focus into your marriage. You've only got so much energy. Are you spending it by being emotionally unfaithful? Take a quick check: Do you send that funny e-mail to your friends at work—but not to your spouse? Do you chew over all the problems on the job so thoroughly with your colleagues that by the time you get home, you just don't feel like going into it all over again? Do you get a secret thrill out of flirting with coworkers—thinking it's safe because you know it's not going any further? If so, you're committing emotional infidelity—and you're draining your marriage of the energy it needs to be great. Learning how to break this cycle is one of eleven secrets M. Gary Neuman shares in his provocative new book. Based on the ten-week program he's developed in his successful couples counseling practice, the book offers guidelines that are often counterintuitive, even outrageous or shocking. But they work. Dare to limit contact with members of the opposite sex. Dare to need each other. Dare to put in writing the nitty-gritty realities of a marriage plan. Dare to put your marriage before your kids or job. Dare to make love in a whole new way. Dare to change your focus: make the commitment to focus on each of the eleven secrets (ten plus one bonus secret) for one week apiece and you'll reap the rewards of a transformed marriage and a reconfirmed relationship. M. Gary Neuman's program is guaranteed to challenge you and make you reexamine the myths holding you back from true happiness and satisfaction. It will change your marriage forever.

### THE RULES FOR ONLINE DATING

#### CAPTURING THE HEART OF MR. RIGHT IN CYBERSPACE

---

Simon and Schuster What the international phenomenon of **The Rules** did for conventional dating, **The Rules for Online Dating** does for the search for love on the Internet. You'll never hit the "reply" button the same way again. Millions of women around the world are meeting men on the Internet, or they've met in person and are corresponding by e-mail. Women need new strategies that will improve their chances of capturing Mr. Right. Boasting the same time-tested formula and romantic spirit that made **The Rules** an international bestseller and launched thousands of women down the path to committed relationships, **The Rules for Online Dating** shows all women -- regardless of age, status, or computer savvy -- how to use electronic communication to relate to men in a way that maintains self-esteem and leads to a healthy relationship. Here is a comprehensive list of dos and don'ts that will help every woman conduct an e-courtship safely and successfully; find and keep the interest of suitable mates; and save time, energy, and potential heartache by weeding out dead wood. **The Rules for Online Dating** takes women through the process -- step by step, Rule by Rule -- to the ultimate goal: a relationship based on mutual attraction, interest, and respect.

### BROKEN OR NOT - THE SENSITIVE MAN'S GUIDE FOR ESCAPING THE CLUTCHES OF THE WOMAN WHO THINKS SHE'S MRS. RIGHT

---

[CCB Publishing](#) **Side-Stepping the Rules: Broken or Not** provides the reader with the gift of laughter from the male perspective as it offers men childish ways for escaping the clutches of the woman who thinks she is Mrs. Right. Quite by accident, it offers women time-tested strategies how to snag their man. First, there was *The Rules: Time-tested Secrets for Capturing the Heart of Mr. Right* by Ellen Fein and Sherrie Schneider (Warner Books, 1995). Several years later came the parody book, *Breaking the Rules: Last-ditch Tactics for Landing the Man of Your Dreams* by Laura Banks and Janette Barber (Career Press, 1997). As a parody of *The Rules*, it offered, "All rules are made to be broken." Now it is time for the sensitive man's point of view in this parody of a parody, **Side-Stepping the Rules: Broken or Not**. Unlike the previous two books, *The Rules* and *Breaking the Rules*, the parody **Side-Stepping the Rules: Broken or Not** offers men childish ways for escaping the clutches of the woman, even a RB (Rule Breakin') woman, who thinks she is Mrs. Right. **Side-Stepping the Rules: Broken or Not** provides the sensitive male with 11 manifestos that will serve as countermeasures to the wiles of RB women. No worries mate! If you fail to apply successfully the first manifesto, you still have 10 more chances to fight off those pesky RB women. Even if you are unsuccessful with the first 10 manifestos, the final manifesto, "Sell your house and blend invisibly with the homeless," still provides you-the most pitiful representation of mankind-a way out. For those readers who are impatient and used cliff notes to float through high school, save yourself time by turning to Chapter 12 now and Consult Your MAN Index. The MAN Index offers you the chance to pinpoint immediately how you will fare with the approaches of a RB woman. The MAN Index is based grossly on an unscientific and nebulous study with the underlying theorem: You are what you eat! Finally, the reader is escorted or forced into the 21st century—depending on whether you now use an abacus or a computer. A glossary of terms is provided that help you understand women in Cyberspace. Don't enter the 21st century without it! About the Author: I began writing little stories for children of friends and relatives that included their personal data about their personal lives. This happened about 15 years before such books became popular commercially. It was these stories that formed the basis of my first children's book, *Twelve Upon A Time ...* I also wrote a mystery/adventure novel, *Mirror, Mirror at 1600 D.C.* This political intrigue novel gives you characters in believable relationships bound up in a mystery and an adventure that will keep you speculating throughout the book. After that serious effort, I took a light-hearted approach in this parody book, **Side-Stepping the Rules: Broken or Not**. This parody provides the reader with the gift of laughter from the male perspective as it offers men childish ways for escaping the clutches of the woman who thinks she is Mrs. Right. **Side-Stepping the Rules: Broken or Not** provides the sensitive male with 11 manifestos that will serve as countermeasures to the wiles of RB women. No worries mate! Even if you are unsuccessful with the first 10 manifestos, the final manifesto, "Sell your house and blend invisibly with the homeless," still provides you-the most pitiful representation of mankind-a way out.

## GETTING RELATIONSHIPS RIGHT

---

### HOW TO BUILD RESILIENCE AND THRIVE IN LIFE, LOVE, AND WORK

---

[Berrett-Koehler Publishers](#) Relationships are complicated. Yet it's an unfortunate reality that while most of us have to learn complex geometry that we'll probably never use, we don't get a single formal lesson in how to relate to others. In this one-stop guide, psychologist Melanie Joy reveals the common psychological dynamics that underlie all kinds of relationships—with a romantic partner, friends, family members, colleagues—in short, with anyone in any situation. Understanding these dynamics will help you make all your relationships healthier and more resilient. Relationships are like bodies: they get sick when their immune system is weaker than the germs that stress them. Drawing on the most relevant research as well as on her own extensive experience as a psychologist, Joy explains how to strengthen your relational immune system to resist not only interpersonal stressors but also largely invisible yet potentially devastating societal stressors like racism and sexism. With this understanding, you can cultivate relationships that consistently reflect core moral values and honor the dignity of everyone involved. Resilient relationships are not only a source of joy and fulfillment for those who are in them, they also support the thriving of the organizations and communities of which we all are a part.
