ADVANCED STRATEGY GUIDE TO MINECRAFT

A NOOB'S GUIDE TO MINECRAFT REALMS

HOW TO SURVIVE MINECRAFT LIKE A PRO

A Guide to playing Minecraft Survival games in single player or multiplayer from easy to hard difficulty on friendly or competitive worlds and realms in Minecraft Bedrock Edition. May be used as an essential guide for players of any age including parents that want to help their children understand how to play the survival mode of the game or set up realms.*New in 2019*Streams to supplement book content (not brilliant quality since I'm learning this now but at least you'll have more confidence in buying the book and applying the strategies this way) at: https://www.youtube.com/channel/UCjCA8tu_qJhLbOYold4qOlw or search 'noob 1884'<https://mixer.com/noob1884>occasional live streams on Twitch at https://www.twitch.tv/noob_1884*Discord room for book discussion, a chance to hangout with some of the players and notification of new streams by the community.*Please note that streams are quite long and are generally only available for viewing for about one month after broadcast.Minecraft has changed a lot over the last year and more people are trying out the survival version for a challenge. Some are even using it as a battleground. Griefters roam the lands and the community has evolved to allow them an existence - the PvP and anarchy realms where anything goes except cheating of course!Learn secrets and strategies that will make you better than the average player and an advisor to some of the better players. Assumes some very basic knowledge of the game. 84 pages (varies by device) including 20 pages of screenshots from actual gameplay to show strategy and features in action. Learn how to set up safe realms and spot people abusing your hospitality on public realms. Covers latest and future content including the December 2018 Cats and Pandas Update (Bedrock 1.8.0). Please note that commentary on features not yet included (Illagers and Pillagers) may not be 100% accurate as there may be some slight changes to gameplay before they are actually unleashed on players (rumoured 1.11.0 - boocraft streams use the latest stable experimental features).Also includes pointers to valuable information sources that will fill out your knowledge to make you an all-round player. Age 8-50yrs+. Please note that the paperback contains a little more information than the ebook since it seems to cost quite a lot to print and deliver a real book.This book should be used as an essential strategy guide and roadmap for playing Survival Mode. It does NOT replace the comprehensive guides produced by Mojang themselves, it compliments them. For example, this book may refer to using a particular tool but not go into much depth on it, therefore, Mojang's set of books should be part of your reference collection.About Minecraft BedrockBedrock Edition covers Android, VR, Xbox, Windows, IOS, Nintendo Switch and Kindle and allows players from any of those platforms amongst others to play together in the same Minecraft game using a feature called crossplay. Crossplay in Minecraft is seamless. You wouldn't know that someone was using a different type of device unless they told you.PlayStation and Java Edition versions of Minecraft will operate slightly different to Bedrock so it is important to check with the sites and sources that are mentioned to adapt your gameplay to make sure things work as you want them to if you do use this book on those platforms.

AN OFFICIAL MINECRAFT NOVEL

Del Rey In the thrilling sequel to the New York Times bestselling novel Minecraft: The Island, a stranded hero stumbles upon another castaway—and discovers that teamwork might just be the secret to survival. Wandering a vast, icy tundra, the explorer has never felt more alone. Is there anything out here? Did I do the right thing by leaving the safety of my island? Should I give up and go back? So many questions, and no time to ponder—not when dark is falling and dangerous mobs are on the horizon. Gurgling zombies and snarling wolves lurk in the night, and they're closing in. With nowhere to hide, the lone traveler flees up a mountain, trapped and out of options . . . until a mysterious figure arrives, fighting off the horde singlehandedly. The unexpected savior is Summer, a fellow castaway and master of survival in these frozen wastes. Excited to find another person in this strange, blocky world, the explorer teams up with Summer, whose impressive mountain fortress as a safe haven . . . for now. But teamwork is a new skill for two people used to working alone. If they want to make it home, they will have to learn to work together—or risk losing everything.
