## The Backyard Birdsong Guide Eastern and Central North America A Guide to Listening

**Princeton University Press** Back by popular demand with more than 300,000 copies sold, the Cornell Lab of Ornithology is proud to re-release the widely acclaimed and bestselling bird audio field guide series, *Backyard Birdsongs*, from award-winning Ornithologist and Author, Donald Kroodsma. *Backyard Birdsongs* is an interactive handbook of birds and their songs for beginning bird-watchers. With a touch-button electronic module housing common vocalizations of 75 species from across Eastern and Central North America, this volume offers a truly sensory way to identify and get to know local birds. Crisply detailed and scientifically accurate illustrations accompany each entry, and up-to-date range maps provide clear geographical reference points. Complete with an introduction to birdsongs that will inspire readers to look out their kitchen windows and venture out in the field, this unique book provides an exciting entryway into the subtle art of birding. This second edition includes a much-requested new Sound Track Index (to help make watching and listening to birds easier), and a download of the award-winning MERLIN™ Bird ID App available FREE on iTunes and Android stores (no code necessary). 35% of the net proceeds from the sale of *Backyard Birdsongs* supports projects at the Cornell Lab, such as children's educational and community programs.

## National Geographic Birding Essentials

### All the Tools, Techniques, and Tips You Need to Begin and Become a Better Birder

**National Geographic Books** Offers tips and advice for how to improve bird watching skills, from choosing equipment and guides to where to watch and what features to look for when trying to identify a bird.

## National Geographic Little Kids First Big Book of Birds

**National Geographic Society** This adorable reference introduces young readers to birds of all kinds: big and small, flyers and swimmers, colorful and plain. They'll find backyard favorites, such as robins and cardinals and be introduced to more unique species that inhabit rain forests and deserts around the world. Bird behaviors kids can relate to, including singing, dancing, building, swimming, and diving, reveal fascinating insights into the avian world. More than 100 colorful photos are paired with profiles of each bird, along with facts about the creatures' sizes, diets, homes, and more. This charming book will quickly become a favorite at storytime, bedtime, and any other time.

## Smithsonian Field Guide to the Birds of North America

**Harper Collins** This new field guide provides a suite of modern tools to effectively aid in the identification of more than 750 species of birds across North America. It introduces a "whole bird" approach by concisely gathering a collection of information about birds into one portable and well-organized volume. 2,000 stunning color photographs of birds in natural habitats show the most important field marks, regional population differences, life stages, and behaviors 700-plus detailed and up-to-date color range maps show summer, migration, winter, year-round, and rare but regular occurrences of every major species A DVD of birdsongs for 138 major species (587 vocalizations in all for 5½ hours of play); each high-quality MP3 file is embedded with an image of the bird, perfect to view on home computers and portable MP3 players Concise descriptions of habits and ecology, age-related and seasonal differences, regional forms, vocalization, and informative captions pointing out the most important aspects of the bird 46 group essays with information outlining taxonomy, feeding, migration, habitats, behaviors, and conservation status A thorough and accessible introduction to birds and birding includes sections on parts of a bird, plumage and molt, food and feeding, migration, habitats, conservation, tips on how to become a better birder, and more A detailed glossary of terms, species checklist, and quick index The new Smithsonian Field Guide to the Birds of North America is perfectly designed to give birders the most powerful and user-friendly collection of information to carry into the field or wherever they enjoy learning about birds and nature.

## National Geographic Complete Birds of North America, 3rd Edition

### Featuring More Than 1,000 Species with the Most Detailed Information Found in a Single Volume

This desk reference is the most up-to-date and comprehensive source of knowledge on North American bird identification, distribution, behavior, habitat, and conservation concerns available today. More an encyclopedia than a field guide, National Geographic's Complete Birds is a browsable treasure trove of facts. This comprehensive volume profiles every bird observable in the continental United States and Canada, featuring species accounts with details that include calls and songs, breeding behaviors, molting patterns, and the vast extent of their polar and neotropical migrations. The precision maps, illuminating photographs, and more than 4,000 exquisite pieces of annotated art make this the biggest and best bird book ever. This third edition, thoroughly updated, includes: Information on more than 1,000 species and subspecies Overviews of every family Organization reflecting current taxonomy 850 range maps, more than half updated since the last edition Sidebars on identification challenges such as distinguishing between Bay-breasted and Blackpoll Warblers in fall or separating the various species of white egrets These 752 pages add up to a lifetime of learning for all devoted birders, from those just beginning birders to those who have been building their life lists for decades. Bird lovers will appreciate many other titles from National Geographic, including: Field Guide to the Birds of North America Backyard Guide to the Birds of North America How to Know the Birds Birds of the Photo Ark

## The Young Birder's Guide to Birds of Eastern North America

**Houghton Mifflin Harcourt** Featuring an abundance of color photographs, drawings, and maps, this ultimate birding resource is jam-packed with information on more than two hundred species.

## The Field Guide to Dumb Birds of North America

**Chronicle Books** National bestselling book: Featured on Midwest, Mountain Plains, New Atlantic, Northern, Pacific Northwest and Southern Regional Indie Bestseller Lists Perfect book for the birder and anti-birder alike A humorous look at 50 common North American dumb birds: For those who have a disdain for birds or bird lovers with a sense of humor, this snarky, illustrated handbook is equal parts profane, funny, and—let's face it—true. Featuring common North American birds, such as the White-Breasted Butt Nugget and the Goddamned Canada Goose (or White-Breasted Nuthatch and Canada Goose for the layperson), Matt Kracht identifies all the idiots in your backyard and details exactly why they suck with humorous, yet angry, ink drawings. With The Field Guide to Dumb Birds of North America, you won't need to wonder what all that racket is anymore! • Each entry is accompanied by facts about a bird's (annoying) call, its (dumb) migratory pattern, its (downright tacky) markings, and more. • The essential guide to all things wings with migratory maps, tips for birding, musings on the avian population, and the ethics of birdwatching. • Matt Kracht is an amateur birder, writer, and illustrator who enjoys creating books that celebrate the humor inherent in life's absurdities. Based in Seattle, he enjoys gazing out the window at the beautiful waters of Puget Sound and making fun of birds. "There are loads of books out there for bird lovers, but until now, nothing for those that love to hate birds. The Field Guide to Dumb Birds of North America fills the void, packed with snarky illustrations that chastise the flying animals in a funny, profane way." - Uncrate A humorous animal book with 50 common North American birds for people who love birds and also those who love to hate birds • A perfect coffee table or bar top conversation-starting book • Makes a great Mother's Day, Father's Day, birthday, or retirement gift
