Putting aside past differences, the boys plot to derail the budding romance between their parents at their conservative hometown's first-ever Rainbow Prom. Hearts will be broken, new romance will bloom, but nothing will go down the way Beck and Jax have planned. In his hilarious and provocative debut, Greg Howard examines the challenges of growing up different in a small southern town through the lens of colorful and unforgettable characters who stay with you long after the last drop of sweet tea.

When it comes to drumming, Leah Burke is usually on beat—but real life isn't always so rhythmic. She's an anomaly in her friend group: the only child of a young, single mom, and her life is decidedly less privileged. She loves to draw but is too self-conscious to show it. And even though her mom knows she's bisexual, she hasn't mustered the courage to tell her friends—not even her openly gay BFF, Simon. So Leah really doesn't know what to do when her rock-solid friend group starts to fracture in unexpected ways. With prom and college on the horizon, tensions are running high. It's hard for Leah to strike the right note while the people she loves are fighting—especially when she realizes she might love one of them more than she ever intended. Plus don't miss *Yes No Maybe So*, Becky Albertalli's and Aisha Saeed's heartwarming and hilarious new novel, coming in 2020!

*HarperCollins* From **#1 New York Times bestselling author and rom-com queen Becky Albertalli** comes a buoyant new novel about daring to step out of the shadows and into the spotlight in love, life, and, yes, theater. Contrary to popular belief, best friends Kate Garfield and Anderson Walker are not codependent. Carpooling to and from theater rehearsals? Environmentally sound and efficient. But when Kate and Andy's latest long-distance crush shows up at their school, everything goes off-script. Matt Olsson is talented and sweet, and Kate likes him. She really likes him. The only problem? So does Anderson. Turns out, communal crushes aren't so fun when real feelings are involved. This one might even bring the curtains down on Kate and Anderson's friendship.

To Sweetie's traditional parents, this last detail is the kiss of death. Sweetie loves her parents, but she's so tired of being told she's lacking because she's fat. She decides it's time to kick off the Sassy Sweetie Project, where she'll show the world (and herself) what she's really made of. Ashish and Sweetie both have something to prove. One of the most endearing teen voices I've ever encountered." —Becky Albertalli, #1 New York Times bestselling author of *Simon vs. the Homo Sapiens Agenda* For fans of Sandhya Menon and Adam Silvera comes a prom-night romantic-comedy romp about a Sikh teen's search for love and identity. Sunny G's brother left him one thing when he died: His notebook, which Sunny is determined to fill up with a series of rash decisions. Even his cosplay doesn't look right without his beard. Sunny debuts his new look at prom, which he's stuck going to alone. ## DARIUS THE GREAT IS NOT OKAY

---

*Penguin* Darius doesn't think he'll ever be enough, in America or in Iran. Hilarious and heartbreaking, this unforgettable debut introduces a brilliant new voice in contemporary YA. Winner of the William C. Morris Debut Award "Heartfelt, tender, and so utterly real. I'd live in this book forever if I could." —Becky Albertalli, award-winning author of *Simon vs. the Homo Sapiens Agenda* Darius Kellner speaks better Klingon than Farsi, and he knows more about Hobbit social cues than Persian ones. He's a Fractional Persian—half, his mom's side—and his first-ever trip to Iran is about to change his life. Darius has never really fit in at home, and he's sure things are going to be the same in Iran. His clinical depression doesn't exactly help matters, and trying to explain his medication to his grandparents only makes things harder. Then Darius meets Sohrab, the boy next door, and everything changes. Soon, they're spending their days together, playing soccer, eating faludeh, and talking for hours on a secret rooftop overlooking the city's skyline. Sohrab calls him Darioush—the original Persian version of his name—and Darius has never felt more like himself than he does now that he's Darioush to Sohrab. Adib Khorram's brilliant debut is for anyone who's ever felt not good enough—then met a friend who makes them feel so much better than okay.

## HOMO DEUS

### A BRIEF HISTORY OF TOMORROW

---

*HarperCollins* Official U.S. edition with full color illustrations throughout. NEW YORK TIMES BESTSELLER Yuval Noah Harari, author of the critically-acclaimed New York Times bestseller and international phenomenon *Sapiens*, returns with an equally original, compelling, and provocative book, turning his focus toward humanity's future, and our quest to

upgrade humans into gods. Over the past century humankind has managed to do the impossible and rein in famine, plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague and war have been transformed from incomprehensible and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from bingeing at McDonalds than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? *Homo Deus* explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is *Homo Deus*. With the same insight and clarity that made *Sapiens* an international hit and a New York Times bestseller, Harari maps out our future.
