### THE COLOR OF LAW: A FORGOTTEN HISTORY OF HOW OUR GOVERNMENT SEGREGATED AMERICA

---

*Liveright Publishing* **New York Times Bestseller • Notable Book of the Year • Editors' Choice Selection One of Bill Gates' "Amazing Books" of the Year One of Publishers Weekly's 10 Best Books of the Year Longlisted for the National Book Award for Nonfiction An NPR Best Book of the Year Winner of the Hillman Prize for Nonfiction Gold Winner • California Book Award (Nonfiction) Finalist • Los Angeles Times Book Prize (History) Finalist • Brooklyn Public Library Literary Prize This "powerful and disturbing history" exposes how American governments deliberately imposed racial segregation on metropolitan areas nationwide (New York Times Book Review). Widely heralded as a "masterful" (Washington Post) and "essential" (Slate) history of the modern American metropolis, Richard Rothstein's *The Color of Law* offers "the most forceful argument ever published on how federal, state, and local governments gave rise to and reinforced neighborhood segregation" (William Julius Wilson). Exploding the myth of de facto segregation arising from private prejudice or the unintended consequences of economic forces, Rothstein describes how the American government systematically imposed residential segregation: with undisguised racial zoning; public housing that purposefully segregated previously mixed communities; subsidies for builders to create whites-only suburbs; tax exemptions for institutions that enforced segregation; and support for violent resistance to African Americans in white neighborhoods. A groundbreaking, "virtually indispensable" study that has already transformed our understanding of twentieth-century urban history (Chicago Daily Observer), *The Color of Law* forces us to face the obligation to remedy our unconstitutional past.**

---

## THE COLOR OF LAW

---

---

### A FORGOTTEN HISTORY OF HOW OUR GOVERNMENT SEGREGATED AMERICA

---

Lauded by Ta-Nehisi Coates for his "brilliant" and "fine understanding of the machinery of government policy" (The Atlantic), Richard Rothstein has painstakingly documented how American cities, from San Francisco to Boston, became so racially divided. Rothstein describes how federal, state, and local governments systematically imposed residential segregation: with undisguised racial zoning, public housing that purposefully segregated previously mixed communities, subsidies for builders to create whites-only suburbs, tax exemptions for institutions that enforced segregation, and support for violent resistance to African Americans in white neighborhoods. He demonstrates that such policies still influence tragedies in places like Ferguson and Baltimore. Scholars have separately described many of these policies, but until now, no author has brought them together to explode the myth of de facto segregation arising from private prejudice or the unintended consequences of economic forces. Like *The New Jim Crow*, Rothstein's groundbreaking history forces us to face the obligation to remedy our unconstitutional past.

Richard Rothstein's *The Color of Law* is an academic and exhaustive recounting of the racial discrimination and segregation policies that were carried out by local, state, and federal agencies throughout the twentieth century, creating the segregation and wealth inequality that pervades America today. What does this SNAP Summary Include? - Synopsis of the original book - Key takeaways from each chapter - Guide to Key Figures who created the systems of segregation and the personal characters that Rothstein highlights - Key Events and landmark court decisions over the last 155 years that provided equal protection for all citizens under the law - Detailed history into the creation of the black-white wealth gap through policies that excluded African Americans from federal benefits and homeownership - Specific stories behind policy initiatives that invented a blueprint for cities across the nation to create and enforce segregation - In-depth Editorial Review of Rothstein's books - Analysis of potential solutions - Background on Richard Rothstein

**About the Original Book:** Rothstein leaves no stone unturned as he recounts the worst of racism and federally-sanctioned segregation in the United States. He covers everything from the forced segregation of already integrated neighborhoods, Supreme Court decisions allowing local communities to bar the sales of homes to black families, the forced movement of black Americans into slums and ghettos, the inability for African Americans to receive federal support in buying homes, the inability of African Americans to receive fair treatment and pay in unions and at work, and the violence and intimidation against black Americans that was allowed to take place by local police, among other things. His thesis is simple: the current segregation that plagues American cities and suburbs is no accident—it is the product of design of a century of such explicitly racist policies not only being ignored by the federal government, but actively promoted by them. *The Color of Law* is a must-read for any American to understand our forgotten history, one that is often white-washed or completely ignored in history books today. **DISCLAIMER:** This book is intended as a companion to, not a replacement for, *The Color of Law*. ### **THE COLOR OF MONEY**

---

---

#### **BLACK BANKS AND THE RACIAL WEALTH GAP**

---

*Harvard University Press* In 1863 black communities owned less than 1 percent of total U.S. wealth. Today that number has barely budged. Mehrsa Baradaran pursues this wealth gap by focusing on black banks. She challenges the myth that black banking is the solution to the racial wealth gap and argues that black communities can never accumulate wealth in a segregated economy.

#### **A FORGOTTEN HISTORY OF HOW OUR GOVERNMENT SEGREGATED AMERICA BY RICHARD ROTHSTEIN**

---

*The Color of Law: A Forgotten History of How Our Government Segregated America* by Richard Rothstein Book Summary Abbey Beathan (Disclaimer: This is NOT the original book.) An exploration of the housing policy in United

States and the hidden truth about how cities are divided. It was commonly believed that cities were divided by de facto segregation, through individual prejudices like income differences and actions of private institutions. However, Richard Rothstein discovered the brutal truth, the fact that cities are divided by de jure segregation, which means that local, state and federal governments passed laws that promoted the discriminatory patterns that are present even to this date. (Note: This summary is wholly written and published by Abbey Beathan. It is not affiliated with the original author in any way) "The challenge is more difficult because low-income African Americans today confront not only segregation but also the income stagnation and blocked mobility faced by all Americans in families with low or moderate incomes." - Richard Rothstein A chronicle of an untold story that began in the 1920s and still affecting African American citizens today. Explicit racial zoning forced millions of black individuals from the North to the South. This book is a great tool to get informed about the harsh realities of America. It's not all sun and rainbows, there is a dark side to everything and America has a big one. A brilliant chronicle that debunks previous myth about housing policy and reveals the hidden truth. P.S. The Color of Law is a brilliant book that tell us a dark secret that had been hidden until now. P.P.S. It was Albert Einstein who famously said that once you stop learning, you start dying. It was Bill Gates who said that he would want the ability to read faster if he could only have one superpower in this world. ## AMERICAN APARTHEID

---

### SEGREGATION AND THE MAKING OF THE UNDERCLASS

---

*Harvard University Press* This powerful and disturbing book clearly links persistent poverty among blacks in the United States to the unparalleled degree of deliberate segregation they experience in American cities. American Apartheid shows how the black ghetto was created by whites during the first half of the twentieth century in order to isolate growing urban black populations. It goes on to show that, despite the Fair Housing Act of 1968, segregation is perpetuated today through an interlocking set of individual actions, institutional practices, and governmental policies. In some urban areas the degree of black segregation is so intense and occurs in so many dimensions simultaneously that it amounts to "hypersegregation." Douglas Massey and Nancy Denton demonstrate that this systematic segregation of African Americans leads inexorably to the creation of underclass communities during periods of economic downturn. Under conditions of extreme segregation, any increase in the overall rate of black poverty yields a marked increase in the geographic concentration of indigence and the deterioration of social and economic conditions in black communities. As ghetto residents adapt to this increasingly harsh environment under a climate of racial isolation, they evolve attitudes, behaviors, and practices that further marginalize their neighborhoods and undermine their chances of success in mainstream American society. This book is a sober challenge to those who argue that race is of declining significance in the United States today.

---

## THE COLOR OF THE LAW

---

### RACE, VIOLENCE, AND JUSTICE IN THE POST-WORLD WAR II SOUTH

---

*Univ of North Carolina Press* On February 25, 1946, African Americans in Columbia, Tennessee, averted the lynching of James Stephenson, a nineteen-year-old, black Navy veteran accused of attacking a white radio repairman at a local department store. That night, after Stephenson was safely out of town, four of Columbia's police officers were shot and wounded when they tried to enter the town's black business district. The next morning, the Tennessee Highway Patrol invaded the district, wrecking establishments and beating men as they arrested them. By day's end, more than one hundred African Americans had been jailed. Two days later, highway patrolmen killed two of the arrestees while they were awaiting release from jail. Drawing on oral interviews and a rich array of written sources, Gail Williams O'Brien tells the dramatic story of the Columbia "race riot," the national attention it drew, and its surprising legal aftermath. In the process, she illuminates the effects of World War II on race relations and the criminal justice system in the United States. O'Brien argues that the Columbia events are emblematic of a nationwide shift during the 1940s from mob violence against African Americans to increased confrontations between blacks and the police and courts. As such, they reveal the history behind such contemporary conflicts as the Rodney King and O. J. Simpson cases.

---

## SEX AND THE CONSTITUTION: SEX, RELIGION, AND LAW FROM AMERICA'S ORIGINS TO THE TWENTY-FIRST CENTURY

---

*Liveright Publishing* A New York Times Book Review Editors' Choice Selection A "volume of lasting significance" that illuminates how the clash between sex and religion has defined our nation's history (Lee C. Bollinger, president, Columbia University). Lauded for "bringing a bracing and much-needed dose of reality about the Founders' views of sexuality" (New York Review of Books), Geoffrey R. Stone's Sex and the Constitution traces the evolution of legal and moral codes that have legislated sexual behavior from America's earliest days to today's fractious political climate. This "fascinating and maddening" (Pittsburgh Post-Gazette) narrative shows how agitators, moralists, and, especially,

the justices of the Supreme Court have navigated issues as divisive as abortion, homosexuality, pornography, and contraception. Overturning a raft of contemporary shibboleths, Stone reveals that at the time the Constitution was adopted there were no laws against obscenity or abortion before the midpoint of pregnancy. A pageant of historical characters, including Voltaire, Thomas Jefferson, Anthony Comstock, Margaret Sanger, and Justice Anthony Kennedy, enliven this “commanding synthesis of scholarship” (Publishers Weekly) that dramatically reveals how our laws about sex, religion, and morality reflect the cultural schisms that have cleaved our nation from its founding.

---

## **THE AGE OF AUSTERITY**

---

### **HOW SCARCITY WILL REMAKE AMERICAN POLITICS**

---

*Anchor* One of our most prescient political observers provides a sobering account of how pitched battles over scarce resources will increasingly define American politics in the coming years—and how we might avoid, or at least mitigate, the damage from these ideological and economic battles. In a matter of just three years, a bitter struggle over limited resources has enveloped political discourse at every level in the United States. Fights between haves and have-nots over health care, unemployment benefits, funding for mortgage write-downs, economic stimulus legislation—and, at the local level, over cuts in police protection, garbage collection, and in the number of teachers—have dominated the debate. Elected officials are being forced to make zero-sum choices—or worse, choices with no winners. Resource competition between Democrats and Republicans has left each side determined to protect what it has at the expense of the other. The major issues of the next few years—long-term deficit reduction; entitlement reform, notably of Social Security, Medicare, and Medicaid; major cuts in defense spending; and difficulty in financing a continuation of American international involvement—suggest that your-gain-is-my-loss politics will inevitably intensify.

## **RECLAIMING YOUR COMMUNITY**

---

### **YOU DON'T HAVE TO MOVE OUT OF YOUR NEIGHBORHOOD TO LIVE IN A BETTER ONE**

---

*Berrett-Koehler Publishers* Majora Carter shows how brain drain cripples low-status communities and maps out a development strategy focused on talent retention to help them break out of economic stagnation. “My musical, *In the Heights*, explores issues of community, gentrification, identity and home, and the question: Are happy endings only ones that involve getting out of your neighborhood to achieve your dreams? In her refreshing new book, Majora Carter writes about these issues with great insight and clarity, asking us to re-examine our notions of what community development is and how we invest in the futures of our hometowns. This is an exciting conversation worth joining.” —Lin-Manuel Miranda How can we solve the problem of persistent poverty in low-status communities? Majora Carter argues that these areas need a talent-retention strategy, just like the ones companies have. Retaining homegrown talent is a critical part of creating a strong local economy that can resist gentrification. But too many people born in low-status communities measure their success by how far away from them they can get. Carter, who could have been one of them, returned to the South Bronx and devised a development strategy rooted in the conviction that these communities have the resources within themselves to succeed. She advocates measures such as • Building mixed-income instead of exclusively low-income housing to create a diverse and robust economic ecosystem • Showing homeowners how to maximize the long-term value of their property so they won't succumb to quick-cash offers from speculators • Keeping people and dollars in the community by developing vibrant “third spaces”—restaurants, bookstores, and places like Carter's own Boogie Down Grind Cafe This is a profoundly personal book. Carter writes about her brother's murder, how turning a local dumping ground into an award-winning park opened her eyes to the hidden potential in her community, her struggles as a woman of color confronting the “male and pale” real estate and nonprofit establishments, and much more. It is a powerful rethinking of poverty, economic development, and the meaning of success.

## THE TRULY DISADVANTAGED

---

### THE INNER CITY, THE UNDERCLASS, AND PUBLIC POLICY, SECOND EDITION

---

*University of Chicago Press* Renowned American sociologist William Julius Wilson takes a look at the social transformation of inner city ghettos, offering a sharp evaluation of the convergence of race and poverty. Rejecting both conservative and liberal interpretations of life in the inner city, Wilson offers essential information and a number of solutions to policymakers. The Truly Disadvantaged is a wide-ranging examination, looking at the relationship between race, employment, and education from the 1950s onwards, with surprising and provocative findings. This second edition also includes a new afterword from Wilson himself that brings the book up to date and offers fresh insight into its findings. "The Truly Disadvantaged should spur critical thinking in many quarters about the causes and possible remedies for inner city poverty. As policymakers grapple with the problems of an enlarged underclass they—as well as community leaders and all concerned Americans of all races—would be advised to examine Mr. Wilson's incisive analysis."—Robert Greenstein, *New York Times Book Review*

---

### THE STATE OF WORKING AMERICA 2006/2007

---

*Illr Press* Praise for previous editions of *The State of Working America*: "The State of Working America remains unrivaled as the most-trusted source for a comprehensive understanding of how working Americans and their families are faring in today's economy."—Robert B. Reich "It is the inequality of wealth, argue the authors, rather than new technology (as some would have it), that is responsible for the failure of America's workplace to keep pace with the country's economic growth. The State of Working America is a well-written, soundly argued, and important reference book."—*Library Journal* "If you want to know what happened to the economic well-being of the average American in the past decade or so, this is the book for you. It should be required reading for Americans of all political persuasions."—Richard Freeman, Harvard University "A truly comprehensive and useful book that provides a reality check on loose statements about U.S. labor markets. It should be cheered by all Americans who earn their living from work."—William Wolman, former chief economist, CNBC's Business Week "The State of Working America provides very valuable factual and analytic material on the economic conditions of American workers. It is the very best source of information on this important subject."—Ray Marshall, University of Texas, former U.S. Secretary of Labor "An indispensable work . . . on family income, wages, taxes, employment, and the distribution of wealth."—Simon Head, *The New York Review of Books* "No matter what political camp you're in, this is the single most valuable book I know of about the state of America, period. It is the most referenced, most influential resource book of its kind."—Jeff Madrick, author, *The End of Affluence* "This book is the single best yardstick for measuring whether or not our economic policies are doing enough to ensure that our economy can, once again, grow for everybody."—Richard A. Gephardt "The best place to review the latest developments in changes in the distribution of income and wealth."—Lester Thurow *The State of Working America*, prepared biennially since 1988 by the Economic Policy Institute, includes a wide variety of data on family incomes, wages, taxes, unemployment, wealth, and poverty—data that enable the authors to closely examine the effect of the economy on the living standards of the American people.

---

### PHILADELPHIA - A HISTORY OF THE CITY AND ITS PEOPLE

---

*Jazzybee Verlag* Dr. Oberholtzer was engaged upon this book for many months. He has aimed to present the people of Philadelphia, as well as the details of their government, and he has opened new sources of information and presents new aspects in the life of the city. His detailed and thoroughly investigated narrative covers a time of 225 years and gives in-depth insights on the foundation of the town, the Civil War years, the Declaration of Independence and many events more.

---

### WINTERHAWK'S LAND

---

*BearManor Media* Michael Dante played the title role in *Winterhawk* (1975), a Western about a legendary Blackfoot Chief's character and his principles. In this novella sequel, he pens an ageless saga about ruthless railroad executives trying to assassinate him in order to build their railroad directly through his territory, taking the Blackfoot land without provocation. *Winterhawk* and his tribe remain strong as long as they can, to protect the land of their people, the land they call home, before the invasion of progress imposes itself on America. This inspiring story of a brave man, who stands up to and fight against those who have their own agenda for his land, evokes the nostalgic atmosphere of Western series that Dante frequently appeared in during American television's Golden Era, such as *Death Valley Days*, *The Big Valley*, *Daniel Boone*, *Custer*, *The Texan*, *Bonanza*, *Maverick*, and *Cheyenne*.

### **THE COLOR OF LAW--A FORGOTTEN HISTORY OF HOW OUR GOVERNMENT SEGREGATED AMERICA BY RICHARD ROTHSTEIN CONVERSATION STARTERS**

---

**The Color of Law: A Forgotten History of How Our Government Segregated America by Richard Rothstein Conversation Starters Segregation in America has contributed to so much social strife. Richard Rothstein makes extraordinary revelations about how this came to be and how government policies promoted the segregation that continues to this day. With meticulous research and strong analyses, The Color of Law: A Forgotten History of How our Government Segregated America chronicles the untold story. Its well-researched evidence sheds light on a policy of de jure segregation in every presidential administration. It is a history of racism apparent but unrecognized, compelling Americans to act on the injustice done by government policies. The New York Times calls it powerful and disturbing. Many critics agree that it is a rare book that will be discussed and debated long into the future. A Brief Look Inside: EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER than the surface of its pages. The characters and their world come alive, and the characters and its world still live on. Conversation Starters is peppered with questions designed to bring us beneath the surface of the page and invite us into the world that lives on. These questions can be used to.. Create Hours of Conversation: • Foster a deeper understanding of the book • Promote an atmosphere of discussion for groups • Assist in the study of the book, either individually or corporately • Explore unseen realms of the book as never seen before**

### **NOT IN MY NEIGHBORHOOD**

---

---

### **HOW BIGOTRY SHAPED A GREAT AMERICAN CITY**

---

*Ivan R. Dee Publisher* **Baltimore is the setting for (and typifies) one of the most penetrating examinations of bigotry and residential segregation ever published in the United States. Antero Pietila shows how continued discrimination practices toward African Americans and Jews have shaped the cities in which we now live. Eugenics, racial thinking, and white supremacist attitudes influenced even the federal government's actions toward housing in the 20th century, dooming American cities to ghettoization. This all-American tale is told through the prism of Baltimore, from its early suburbanization in the 1880s to the consequences of "white flight" after World War II, and into the first decade of the twenty-first century. The events are real, and so are the heroes and villains. Mr. Pietila's engrossing story is an eye-opening journey into city blocks and neighborhoods, shady practices, and ruthless promoters. -- Book jacket.**

## SHORTEST WAY HOME

---

### ONE MAYOR'S CHALLENGE AND A MODEL FOR AMERICA'S FUTURE

---

*John Murray* 'The best American political biography since Obama's Dreams from My Father' Guardian NEW YORK TIMES BESTSELLER A mayor's inspirational story of a Midwest city that has become nothing less than a blueprint for the future of American renewal. Once described by the Washington Post as "the most interesting mayor you've never heard of," Pete Buttigieg, the thirty-seven-year-old mayor of South Bend, Indiana, has now emerged as one of America's most visionary politicians. With soaring prose that celebrates a resurgent American Midwest, Shortest Way Home narrates the heroic transformation of a "dying city" (Newsweek) into nothing less than a shining model of urban reinvention. Elected at twenty-nine as the nation's youngest mayor, Pete Buttigieg immediately recognized that "great cities, and even great nations, are built through attention to the everyday." As Shortest Way Home recalls, the challenges were daunting?whether confronting gun violence, renaming a street in honor of Martin Luther King Jr., or attracting tech companies to a city that had appealed more to junk bond scavengers than serious investors. None of this is underscored more than Buttigieg's audacious campaign to reclaim 1,000 houses, many of them abandoned, in 1,000 days and then, even as a sitting mayor, deploying to serve in Afghanistan as a Navy officer. Yet the most personal challenge still awaited Buttigieg, who came out in a South Bend Tribune editorial, just before being reelected with 78 percent of the vote, and then finding Chasten Glezman, a middle-school teacher, who would become his partner for life. While Washington reels with scandal, Shortest Way Home, with its graceful, often humorous, language, challenges our perception of the typical American politician. In chronicling two once-unthinkable stories?that of an Afghanistan veteran who came out and found love and acceptance, all while in office, and that of a revitalized Rust Belt city no longer regarded as "flyover country" Buttigieg provides a new vision for America's shortest way home.

## THE GREAT SEPARATION

---

### A HISTORY OF THE SEPARATION OF THE UNITED STATES INTO TWO INDEPENDENT REPUBLICS IN 2029

---

Caution: this book is a document from the future, on how the United States finally split into two independent republics in 2029, and its aftermath. The topic is so sensitive, that its futuristic author must be identified merely as John Doe, Ph.D. Dateline: 2029. The "One Nation, Indivisible, ....." finally divides. - A political satire.

## REMEMBERING WHAT I FORGOT

---

*Createspace Independent Publishing Platform* You may remember visiting a grandparent or elder friend who lived in a nursing home memory unit. When you were a child you may recall sights, sounds, and smells that caused you to feel uneasy. Step into any one of today's 16,000 long-term care facilities across the US, and suddenly those memories reemerge. Nurse Supervisor K. Allen tells of the emotional investments found while working with seniors inside the Van Gogh, a large upscale urban assisted living complex. Located at its core is found a locked memory care unit, the Rembrandt, where he and his heroic support team struggle to comfort those suffering from Alzheimer's and other types of Dementia. Emotionally rich and deeply moving, Remembering What I Forgot tells of a day in the life of a memory unit nurse and the unimaginable obstacles faced by today's health care workers. A first of its kind, the story provides its reader with a rare glimpse into "life on a memory unit" including the emotional torment experienced by visitors who witness their loved one slip into ever increasing apathy and confusion. In its truest sense a love story of the need to cope and how to find hope when someone we love suddenly cannot remember well and is handed a diagnosis of Dementia. Insightful, humorous and heartfelt, Remembering What I Forgot conveys a message of inspiration and helps us connect with those in the final chapter of their life. Let us not forget them.

## CLASS AND SCHOOLS

---

---

### USING SOCIAL, ECONOMIC, AND EDUCATIONAL REFORM TO CLOSE THE BLACK-WHITE ACHIEVEMENT GAP

---

*Teachers College Press* Contemporary public policy assumes that the achievement gap between black and white students could be closed if only schools would do a better job. According to Richard Rothstein, "Closing the gaps between lower-class and middle-class children requires social and economic reform as well as school improvement. Unfortunately, the trend is to shift most of the burden to schools, as if they alone can eradicate poverty and inequality." In this book, Rothstein points the way toward social and economic reforms that would give all children a more equal chance to succeed in school. This book features: a summary of numerous studies linking school achievement to health care quality, nutrition, childrearing styles, housing stability, parental economic security, and more ; a look at erroneous and misleading data that underlie commonplace claims that some schools "beat the demographic odds and therefore any school can close the achievement gap if only it adopted proper practices." ; and an analysis of how the over-emphasis of standardized tests in federal law obscures the true achievement gap and makes narrowing it more difficult.

## MELTING POINT 2040

---

---

### AMERICA FACES DIVIDE

---

*Altfuture Publishing* In the year 2040, America faces divide. Terrorist assaults, racial conflicts and political opportunists threaten its very survival. A riveting, thought-provoking tale, **Melting Point 2040** explores the human costs of an America growing apart - following intertwined lives of a young Mexican immigrant, a disconnected survival gaming fanatic, a University professor and others competing to resolve disputes on their terms. It's a different world. America's economic supremacy has been surpassed. Computer programs drive cars that shape around passengers. English is no longer the primary language in several of 52 states. With a second Great Depression embedded in the nation's mindset and many issues unresolved for generations, America's most divisive challenge since the Civil War is coming to full boil. America's future may depend on a reluctant hero.

---

## MEMPHIS 1873

---

*CreateSpace* Having survived the worst effects of the Civil War, the city of Memphis, battered but unbowed, finds itself facing a far more dangerous foe. It is invisible, lethal, and unstoppable: a plague of yellow fever. It is the story of JP Mahoney, 14-year-old farm boy who dreams of escape from tedious chores and farmlife routine. It is the story of a courageous young woman, Ginnie Moon, onetime Confederate spy, who now operates a boarding house for men who have survived the war. And it is the story of Kevin O'Boyle, an embittered riverfront laborer, who blames the world for his troubles, and finds the crippled city his perfect prey. Several characters in the novel are actual historical figures, most notably Ginnie Moon, Judge "Pappy" Hadden, and Cap'n Jim Lee. Their actions, and those of the other characters, are entirely fictional. The plague, one of several to hit the city in the years following the war, was all too real.

## FLIGHT OF REMEMBRANCE

---

---

### A WORLD WAR II MEMOIR OF LOVE AND SURVIVAL

---

Now an Award-Winning Finalist in the Non-Fiction: Narrative category of The 2012 USA Best Book Awards, sponsored by USA Book News. Obtain a free 40-page excerpt on [www.kirschstonebooks.com](http://www.kirschstonebooks.com). Against the backdrop of World War II tragedy and devastation in Latvia, Poland and Germany and three decades of European history, this true narrative provides a window into the palpitating heart of wartime upheaval through the lives of Rolf Dutzmann and Lilo Wassull—two people fatefully positioned "on the other side." In December of 1939, swept along on a tide of dire necessity and circumstance due to the imminent Soviet takeover of his homeland, Rolf, a young Latvian aeronautical engineering student, flees with his family to Germany, a country fully under Hitler's control and already engaged in a brutal war. While the account chronicles Rolf's pursuit of his technical dream against daunting wartime odds, it is first and foremost a poignant love story that plays out against a panorama of worldwide chaos and destruction. It is also a story of the seen and unseen forces that coalesce to keep Rolf and Lilo alive after they meet in 1940 Berlin, leading them through a chain of cataclysmic events including Rolf's draft into the Luftwaffe and his father's assignment as chief

inspector of V-2 rocket production; the bombing of Berlin; the destruction of their homes; their numerous desperate, cross-country escapes from the bombing, the advancing Soviet troops from the east, and other Allied forces from the west; the POW camp hardships; and the deprivation of the postwar years. Despite the immeasurable evil, suffering and desolation of World War II, a synchronistic chain of events provides an uplifting reminder that love and hope may take wing even out of the ashes of life's most terrifying adversities.

### **BORN IN 1939? WHAT ELSE HAPPENED?**

---

The first in a series of 33 Year-books that detail the Social History of Australia in the 33 years 1939 to 1971. It describes how the population felt as the excitements and changes of those years developed. Great for birthdays and Christmas for families and friends, aunts and uncles, Gran and Pop, workmates and boss. You too.

---

### **THE FORGOTTEN UNIT OF IWO JIMA**

---

#### **386TH ASG, USAAF.**

*CreateSpace* It was the first and only time during combat operations in the Pacific theater that an Army Air Force unit would land with U.S. Marine assault elements across a hostile beach. The date was February 24, 1945 (D+5), and the beach on which the men of the 386th Air Service Group (ASG), U.S. Army Air Force (USAAF) landed was given the name of a color - Red. They possessed few of the combat skills Marine infantrymen would have had. They weren't trained to close with and destroy an enemy through close combat. They were specialists, trained in skills totally alien to the Marine "grunts" swarming ashore. Their skills, however, were critical to the successful execution and completion of Operation Detachment (code name for the island and battle destined to become legendary in the history of World War II). Red beach was one of the black sand beaches on the eastern shore of the island named - Iwo Jima. This is a brief history of the 386th ASG, USAAF. Their story could have been lost to history except for the tenacity of a few of the units veterans and their descendants. It's the account of a group of men who could accomplish almost anything asked of them. They worked 24/7 for months, without complaint, in an environment fraught with danger and instant death. They were part of a generation of Americans whose self-sacrifice, courage, and love of country set them apart from every other generation. These men were members of the generation that saved civilization as we know it, "The Greatest Generation," and they are nearly all gone now. Fortunately, their story survives and should serve as an inspiration to those generations of Americans who follow after them.

---

### **POETIC JUSTICE**

---

#### **LEGAL HUMOR IN VERSE**

The perfect gift for the lawyers in your life -- for law school graduation, birthdays, firm holiday gifts, retirement, or just because. More than 70 vignettes from life in the practice of law are rendered here as wryly humorous poems. Each one stands alone as the sort of snapshot one lawyer might forward along to another for a laugh or a knowing nod. Together, they comprise a collection to be treasured by anyone who has lived through law school, first jobs, thrilling victories, eye-opening disappointments, and the lifestyle particular to this career choice. This book is not about laughing at lawyers. It's about laughing with them. It's for everyone who's in on the joke: Everyone who has witnessed the madness and met the quirky characters in this field. Everyone who, even just for a second, has wondered if they should have gone to medical school, culinary school... anything other than law school. Everyone who has ever sat down at the end of an evening and thought, "No one would even believe me if I told them about my day." We believe you. Editorial reviews: "In many of the poems, the authors capture perfectly the oddities of law practice and law school. 'Sisterhood' may be one of the most insightful poems that could be enjoyed within any profession. These poems... took the mundane and made it soar." - Arizona Bar Association "A book of candid truths and palpable honesty, with a sincerity that can only come from experience." - North Carolina Bar Association "A must-read for lawyers persisting in long-term practice who like to keep it light, who continue to muse on the sometimes bizarre world in which a lawyer finds himself or herself, and who simply enjoy a good poem." - Colorado Bar Association Featured on Above the Law and Bitter Lawyer. Named the SmallLaw Pick of the Week by TechnoLawyer. (Authors donate a portion of book proceeds to WomensLaw.org, The WomensLaw Project of the National Network to End Domestic Violence.)

### **CHUSAN**

---

#### **THE OPIUM WARS, AND THE FORGOTTEN STORY OF BRITAIN'S FIRST CHINESE ISLAND**

---

*Anchor Books* "We must religiously observe our engagements with China, but I fear that Hong Kong is a sorry possession and Chusan is a magnificent island admirably placed for our purposes." So wrote the home secretary Sir James Graham to the prime minister Sir Robert Peel, as British diplomats prepared to return the island of Chusan to Chinese rule during the winter of 1845. For years, this now little-known island off the coast of Zhejiang province had been home to thousands of men, women and children of all classes and backgrounds, of all races and religions, from across the British Empire and beyond. Before the Union Jack ever flew over Hong Kong, it had been raised on Chusan. From a wealth of primary archives, Liam D'Arcy-Brown pieces together the forgotten story of how the British wrested Chusan from the Qing dynasty, only to hand it back for the sake of Queen Victoria's honour and Britain's national prestige. At a time when the Chinese Communist Party is inspiring a new brand of patriotism by revisiting the shame inflicted during the Opium Wars, here is a book that puts Britain's incursions into nineteenth-century China in a fascinating and revealing new light.
