### cosmic code

## Book VI of the Earth Chronicles

Harper Many thousands of years ago, a group of extraterrestrials from another planet guided the evolution of life on Earth—determining the existence and nature of humankind as we know it today. How did the master builders from the stars construct the miracle called man? Is the DNA that is at the core of all life in the universe a "cosmic code" that links Earth to heaven and man to God? In this sixth volume of The Earth Chronicles, Zecharia Sitchin unveils writings from the past to decipher prophesies, and reveals how the DNA-matched Hebrew alphabet and the numerical values of its letters serve as a code that bares the secrets of mortal man's fate and mankind's celestial destiny.

## The Cosmic Code

Simon and Schuster Reveals Zecharia Sitchin's groundbreaking research into the code left behind by the creators of humanity. • Explains how the Anunnaki were not merely the mythical gods of the Sumerians, but rather the founders of human life on Earth. • Using Biblical and ancient Sumerian sources, explains how to decode these messages our star ancestors left behind. Daring to challenge our long-held beliefs about the origins of man, Zecharia Sitchin suggests that humans are not the children of God, but rather the children of the Anunnaki, an ancient race from the planet Nibiru. His revolutionary theories are supported by his intense scrutiny of not only ancient Sumerian texts but also stone structures all over the world. The similarities and astrological significance of these formations suggests that rather than looking for guidance from leaders here on Earth, humanity should instead look to the sky for answers. The Earth Chronicles deal with the history and prehistory of Earth and humankind. Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East. For the first time, the entire Earth Chronicles series is now available in a hardcover collector's edition.

## When Time Began

Simon and Schuster Night and day, month after month, year after year, our ancestors dutifully recorded the passage of time on clay tablets, watching the heavens from stage towers and pyramids and from megalithic monuments whose incredible size and precise architecture boggle the mind. . . . Who were the builders of these mysterious structures? What was their purpose? Whose signature is indelibly written on these timeless stones, and who was the Divine Architect? Why was Stonehenge and its likes built by ancient civilizations at the very same time--4,100 years ago? What is their message for our time? With these questions in mind, Zecharia Sitchin, renowned researcher of past ages, takes us on a journey through the records of time in this, the fifth book of his Earth Chronicles series. Drawing deeply on Sumerian and Egyptian writings, millenia-old artifacts, and sacred architecture ranging from ancient Mesopotamia to pre-Columbian civilizations in the Americas, this bestselling scholar provides astounding insights into the origins of the calendar, astronomy, and astrology. He takes readers to the climax circa 2100 b.c. when Marduk, the Babylonian national god, attained supremacy on Earth and proclaimed the New Age of Aries--after which society, religion, science, and the status of women were never the same.

## Book II of the Earth Chronicles

Harper Collins Since earliest times, human beings have pondered the incomprehensible questions of the universe, life . . . and the afterlife. Where did mortal man go to join the immortal Gods? Was the immense and complex structure at Giza an Egyptian Pharaoh's portal to immortality? Or a pulsating beacon built by extraterrestrials for landing on Earth? In this second volume of his trailblazing series *The Earth Chronicles*, Zecharia Sitchin unveils secrets of the pyramids and hidden clues from ancient times to reveal a grand forgery on which established Egyptology is founded, and takes the reader to the Spaceport and Landing Place of the Anunnaki gods—"Those Who from Heaven to Earth Came."

## The Wars of Gods and Men

Simon and Schuster The *Earth Chronicles* series, in six volumes, deals with the history and prehistory of Earth and humankind. Each book in the series, based upon information written on clay tablets by the ancient civilizations of the Near East, records the fantastic and real battles that occurred between the original creator gods over control of planet Earth. Asserting the premise that mythology is not fanciful but the repository of ancient memories, the *Earth Chronicles* series suggests that the Bible ought to be read literally as a historic/scientific document, and that ancient civilizations--older and greater than assumed--were the product of knowledge brought to Earth by the Anunnaki. "Those Who from Heaven to Earth Came." *The 12th Planet*, the first book of the series, presents ancient evidence for the existence of an additional planet in the Solar System: the home planet of the Anunnaki. In confirmation of this evidence, recent data from unmanned spacecraft has led astronomers to actively search for what is being called "Planet X." The subsequent volume, *The Stairway to Heaven*, traces man's unending search for immortality to a spaceport in the Sinai Peninsula and to the Giza pyramids, which had served as landing beacons for it--refuting the notion that these pyramids were built by human pharaohs. Recently, records by an eye-witness to a forgery of an inscription by the pharaoh Khufu inside the Great Pyramid corroborated the book's conclusions. In *The Wars of Gods and Men*, the third volume of his series, Zacharia Sitchin recounts events closer to our times, concluding that the Sinai spaceport was destroyed 4,000 years ago with nuclear weapons. Photographs of Earth from space clearly show evidence of such an explosion. *The Wars of Gods and Men* additionally embraces Canaanite, Hittite, and Hindu sources to include in these investigations the incidents of The Great Flood, the Tower of Babel, and the upheaval of Sodom and Gomorrah. Sitchin's unique reexamination of ancient mysteries explains these past cataclysmic events in the history of humanity, opening insights into our future.

## The End of Days

## Armageddon and Prophecies of the Return

Harper Collins Why is it that our current twenty-first century A.D. is so similar to the twenty-first century B.C.? Is history destined to repeat itself? Will biblical prophecies come true, and if so, when? It has been more than three decades since Zecharia Sitchin's trailblazing book *The 12th Planet* brought to life the Sumerian civilization and its record of the Anunnaki--the extraterrestrials who fashioned man and gave mankind civilization and religion. In this new volume, Sitchin shows that the End is anchored in the events of the Beginning, and once you learn of this Beginning, it is possible to foretell the Future. In *The End of Days*, a masterwork that required thirty years of additional research, Sitchin presents compelling new evidence that the Past is the Future--that mankind and its planet Earth are subject to a predetermined cyclical Celestial Time. In an age when religious fanaticism and a clash of civilizations raise the specter of a nuclear Armageddon, Zecharia Sitchin shatters perceptions and uses history to reveal what is to come at The End of Days.

## Genesis Revisited

## Is Modern Science Catching Up With Ancient Knowledge?

Simon and Schuster • Was Adam the first test-tube baby? • Did nuclear fission destroy Sodom and Gomorrah? • How were the ancients able to accurately describe details about our solar system that are only now being revealed by deep space probes? The awesome answers are all here, in this important companion volume to *The Earth Chronicles* series. Having presented evidence of an additional planet as well as voluminous information about the other planets in our solar system, Zecharia Sitchin now shows how the discoveries of modern astrophysics, astronomy, and genetics exactly parallel what has already been revealed in ancient texts regarding the "mysteries" of alchemy and the creation of life. *Genesis Revisited* is a mind-boggling revelation sure to overturn current theories about the origins of humankind and the solar system.

## The Earth Chronicles Expeditions

Simon and Schuster Reveals the course of archaeological adventures and insights that resulted in *The Earth Chronicles* series • Explores links between the Old world and the New in search of evidence of extraterrestrial gods in the artifacts and murals of ancient civilizations • Reveals archaeological cover-ups concerning Olmec origins in Mexico and ancient UFO artifacts in Turkey In this autobiographical book, the internationally acclaimed author Zecharia Sitchin reveals the foundational research and the adventurous expeditions that resulted in his writing the bestselling *The Earth Chronicles* series. Ranging from Mayan temples in Mexico to hidden artifacts in Istanbul, Turkey, from biblical tunnels in Jerusalem to the mysteries of Mt. Sinai, from the abode of a Sumerian goddess to Greek islands, the Expeditions' destinations and amazing discoveries unmasked established fallacies, detected the fate of mysterious artifacts, and revealed ancient connections to modern space facilities. For the first time, Sitchin shares with the reader not only his encompassing knowledge of antiquity and his field experiences, but also the concrete evidence for his conclusions that ancient myths were recollections of factual events, that the gods of ancient peoples were visitors to Earth from another planet, and that we are not alone in our own solar system. Accompanied by photographs from his personal archive, here is Sitchin's own story and his inner feelings about the cord that binds him to his ancestral past.

## The Stairway to Heaven (Book II)

Simon and Schuster Since earliest times, humanity has pondered the incomprehensible mysteries of the universe, life...and the afterlife. In *The Stairway to Heaven*, the second book of Zecharia Sitchin's *Earth Chronicles* series, the author answers these fundamental questions: Was there somewhere on Earth where, after death, mortal man could join the immortal Gods? Where was this place? By whom was it established? And does it still exist today? After years of painstaking research--combining recent archaeological discoveries with ancient texts and artifacts--Sitchin has identified the legendary Land of the Gods, and provided astounding new revelations about the Great Pyramids, the Sphinx, and other mysterious monuments whose true meanings and purposes have been lost for eons. *The Earth Chronicles* deal with the history and prehistory of Earth and humankind. Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East. For the first time, the entire *Earth Chronicles* series is now available in a hardcover collector's edition.

## The Anunnaki Chronicles

### A Zecharia Sitchin Reader

Simon and Schuster An insider's look into the decades of research behind Zecharia Sitchin's books as well as an in-depth overview of his theories and discoveries • Includes carefully selected chapters from the Earth Chronicles series as well as never-before-published letters, articles, and lectures • Each piece includes an introduction, offering context and insight into Sitchin's passionate work and revealing the man behind the theories • Explains the genesis of The 12th Planet, the Anunnaki influences on the Sumerian civilization, the orbit of Nibiru, the prehistory of the Americas, the extraterrestrial origins of modern man, and much more What if the tales from the Old Testament and other ancient writings, such as those from Sumer, Babylon, Egypt, and Greece, were not myths or allegory but accounts of actual historical events? Known for his ability to read and interpret ancient Sumerian and Akkadian clay tablets, Zecharia Sitchin (1920-2010) took the words of our most ancient ancestors as fact and, through decades of meticulous research, showed that they revealed a coherent narrative about the true origins of humanity and civilization. Drawing both widespread interest and criticism, his Earth Chronicles series of books, beginning with The 12th Planet, detailed how humanity arose after the arrival of the Anunnaki ("those who from Heaven to Earth came"), alien "gods" who created modern man in their own image and imparted gifts of civilizing knowledge. Providing an insider's look into the decades of research behind Zecharia Sitchin's complete works as well as an in-depth overview of his theories, this collection includes carefully selected chapters from the Earth Chronicles series as well as never-before-published letters, articles, and lectures. We learn about the genesis of The 12th Planet in "The Book as a Story," the Sumerians and their Anunnaki influences in "The Sudden Civilization," the orbit of Nibiru in "UFOs, Pyramids, and the 12th Planet," the prehistory of the Americas in "Cities Lost and Found," the extraterrestrial origins of modern man in "The Cosmic Connection--DNA," and much more. We get to read never-before-published lectures, culled from Sitchin's decades of presentations, as well as the article that spurred the writing of There Were Giants Upon the Earth. Each piece includes an introduction by Sitchin's niece, offering context and insight into Sitchin's passionate work. These introductions reveal the man behind the theories, a world traveler known for his scholarship, dry humor, and precisely chosen words. If his theories are true, as Sitchin wholeheartedly believed, then this collection presents some of the most important knowledge we have of our origins and future.

## There Were Giants Upon the Earth

### Gods, Demigods, and Human Ancestry: The Evidence of Alien DNA

Simon and Schuster The crowning work of the best-selling Earth Chronicles series • Reveals the existence of physical evidence of alien presence on Earth in the distant past • Identifies and describes the demigods, such as Gilgamesh, descended from these visitors • Outlines the tests of this physical evidence of alien presence that could unlock the secrets of health, longevity, life, and death In whose genetic image were we made? From his first book The 12th Planet on, Zecharia Sitchin has asserted that the Bible's Elohim who said "Let us fashion The Adam in our image and after our likeness" were the gods of Sumer and Babylon--the Anunnaki who had come to Earth from their planet Nibiru. The Adam, he wrote, was genetically engineered by adding Anunnaki genes to those of an existing hominid, some 300,000 years ago. Then, according to the Bible, intermarriage took place: "There were giants upon the Earth" who took Adam's female offspring as wives, giving birth to "heroes of renown." With meticulous detail, Sitchin shows that these were the demigods of Sumerian and Babylonian lore, such as the famed Mesopotamian king Gilgamesh as well as the hero of the Deluge, the Babylonian Utnapishtim. Are we then, all of us, descendants of demigods? In this crowning oeuvre, Zecharia Sitchin proceeds step-by-step through a mass of ancient writings and artifacts, leading the reader to the stunning Royal Tombs of Ur. He reveals a DNA source that could prove the biblical and Sumerian tales true, providing conclusive physical evidence for past alien presence on Earth and an unprecedented scientific opportunity to track down the "Missing Link" in humankind's evolution, unlocking the secrets of longevity and even the ultimate mystery of life and death.

## Divine Encounters

Harper Collins The Ultimate Human Experience The interaction between mankind and spiritual beings -- of Divine Encounters -- as recorded in scriptures and ancient texts provides a powerful drama that spans Heaven and Earth, involving worship and devotion, eternity and mortality, love and sex, jealousy and murder. But how much of these are based on real happenings and how much is based on myth? With a visionary's ardor and a scientist's attention to detail, Zecharia Sitchin, author of The Earth Chronicles, gives a stunning account of human interaction with celestial travelers. He also provides further proof that prophetic dreams, visions, UFO encounters, and other extraordinary phenomena are indeed the hallmark of intervention by intergalactic emissaries who reach out from other realms to enlighten, guide, punish, and comfort us in times of need. Sitchin's research and theories, illustrated with maps and charts, chronicle a magnificent and inspiring journey through history, from the dawn of time to the approach of the millennium.

## The King Who Refused to Die

### The Anunnaki and the Search for Immortality

Simon and Schuster Zecharia Sitchin's secret allegorical novel that brings to life the key concepts of his bestselling book The 12th Planet • Reimagines the Epic of Gilgamesh in the context of Sitchin's discoveries • Details ancient Sumerian sex rituals, the Anunnaki lineage of the gods who lived in Sumer, Anunnaki spacecraft technology, the workings of the Oracle of Anu, and Gilgamesh's relationship with the goddess Ishtar Written in secret so as not to incite criticism about his controversial discoveries, this novel from the late Zecharia Sitchin brings to life the key themes of his bestseller The 12th Planet. The story begins in London as Astra arrives at the British Museum's opening for their new Gilgamesh exhibit. There she meets a handsome stranger who knows secrets about her that no stranger should know, including the source of the unusual scar on her hand. Taking her to his apartment, he reveals that she is descended from the goddess Ishtar and that he is the modern-day avatar of Gilgamesh seeking to claim the eternal life Ishtar denied him so long ago. Reenacting their sacred sex ritual from eons ago, they find themselves transported to ancient Sumer as Gilgamesh and Ishtar, where he is at last able to continue his quest for immortality. But as Gilgamesh fulfills his sacred duties with Ishtar, something goes awry and the Oracle of Anu will not renew its blessing upon his kingship. Following the direction of his mother, the Anunnaki goddess Ninsun--the source of his partial divinity--Gilgamesh flees the city for the Anunnaki forbidden zone in search of a way to the planet Nibiru and eternal life. Travel alongside Gilgamesh and his immortal companion Enkidu as they escape the fate pronounced by the oracle, discover a Tablet of Destiny meant for Ishtar, fight off Marduk's raiders, and foil the plot of the high priest, Gilgamesh's half-brother who is seeking Gilgamesh's crown for himself. Retelling the Epic of Gilgamesh in the context of his discoveries about the Anunnaki, Zecharia Sitchin weaves a tale of ancient ceremony, accidental betrayal, gods among men, interplanetary travel, and a quest for immortality spanning millennia.

## Journeys to the Mythical Past

Simon and Schuster The paperback release of the second volume of Sitchin's autobiographical account of the investigations and discoveries that led to The Earth Chronicles series • Zecharia Sitchin tells how his life was at risk inside the Great Pyramid and reveals the existence of a secret chamber • Reports on Vatican encounters, the Iceman of the Alps, the Antikythera computer, the temples and Ruts of Malta--and offers a solution to the enigma of the Nazca lines • 18,000 copies sold in hardcover since September 2007 In Journeys to the Mythical Past the renowned researcher of antiquity Zecharia Sitchin reveals, for the first time, the existence of a secret chamber in Egypt's Great Pyramid, and he tells his own story of an indefatigable dedication to finding the truth that almost cost him his life--accidentally or otherwise--when uncovering secrets of the Giza pyramids and Sphinx. Exposing hidden artifacts that contradict establishment assumptions or that baffle scientists, Sitchin's firsthand accounts of his explorations take the reader into the inner workings of the Vatican, the enigma of a futuristic computer from millennia ago, and the secret handiwork of a Divine Architect at Stonehenge, at Malta, and at a site in the Americas. Looking deep into antiquity, Sitchin offers astounding evidence that links the Nazca lines and a baffling adjoining site to the Departure from Earth of the Anunnaki, the ancient gods who, he believes, vowed to Return.

## Our Cosmic Ancestors

Light Technology Publishing Our Cosmic Ancestors is a dynamic work unraveling the messages of these 'universal astronauts' and decoding the symbols and visual mathematics they have left for us in the Egyptian Pyramids, Stonehenge, the Mayan calendar, the Maltese Cross and the Sumerian zodiac. The book is captivating reading from beginning to end. However Mr. Chatelain's purpose in sharing these exciting discoveries lies in the hope that all humans will extend their horizons, to release fear of the unknown just enough that another generation will exhibit growing curiosity to continue the search for signs of purposeful nurturing of this planet.

## The Lost Book of Enki

## Memoirs and Prophecies of an Extraterrestrial god

Simon and Schuster The companion volume to The Earth Chronicles series that reveals the identity of mankind's ancient gods • Explains why these "gods" from Nibiru, the Anunnaki, genetically engineered Homo sapiens, gave Earthlings civilization, and promised to return • 30,000 sold in hardcover  
Zecharia Sitchin's bestselling series The Earth Chronicles provided humanity's side of the story concerning our origins at the hands of the Anunnaki, "those who from heaven to earth came." In The Lost Book of Enki we now view this saga from the perspective of Lord Enki, an Anunnaki leader revered in antiquity as a god, who tells the story of these extraterrestrials' arrival on Earth from the planet Nibiru. In his previous works Sitchin compiled the complete story of the Anunnaki's impact on human civilization from fragments scattered throughout Sumerian, Akkadian, Babylonian, Assyrian, Hittite, Egyptian, Canaanite, and Hebrew sources. Missing from these accounts, however, was the perspective of the Anunnaki themselves. What was life like on their own planet? What motives propelled them to settle on Earth--and what drove them from their new home? Convinced of the existence of a lost book that held the answers to these questions, the author began his search for evidence. Through exhaustive research of primary sources, he has here re-created tales as the memoirs of Enki, the leader of these first "astronauts." What takes shape is the story of a world of mounting tensions, deep rivalries, and sophisticated scientific knowledge that is only today being confirmed. An epic tale of gods and men unfolds, challenging every assumption we hold about our past and our future.

## The Dawn of Astronomy

## A Study of Temple Worship and Mythology of the Ancient Egyptians

Courier Dover Publications A pioneer in the fields of astrophysics and astro-archeology, J. Norman Lockyer believed that ancient Egyptian monuments were constructed "in strict relation to the stars." In this celebrated study, he explores the relationship between astronomy and architecture in the age of the pharaohs. Lockyer addresses one of the many points already extensively investigated by Egyptologists: the chronology of the kings of Egypt. All experts are in accord regarding the identity of the first monarch, but they cannot agree upon the dates of his reign within a thousand years. The author contends that by applying a knowledge of astronomy to the actual site orientation of the region's pyramids and temples, accurate dating can be achieved. In order to accomplish this, Lockyer had to determine the level of the ancient Egyptian ideas of astronomy. Some of his inferences have been invalidated by subsequent scholarship, but many of his other conclusions stand firm and continue to provide sensational leads into contemporary understanding of archaic astronomy.

## The Lost Realms

Simon and Schuster The Earth Chronicles series is based on the premise that mythology is not fanciful but the repository of ancient memories; that the Bible ought to be read literally as a historic/scientific document; and that ancient civilizations--older and greater than assumed--were the product of knowledge brought to Earth by the Anunnaki, "Those Who from Heaven to Earth Came." The 12th Planet, the first book of the series, presents ancient evidence for the existence of an additional planet in the Solar System: the home planet of the Anunnaki. In confirmation of this evidence, recent data from unmanned spacecraft has led astronomers to actively search for what is being called "Planet X." The subsequent volume, The Stairway to Heaven, traces man's unending search for immortality to a spaceport in the Sinai Peninsula and to the Giza pyramids, which had served as landing beacons for it--refuting the notion that these pyramids were built by human pharaohs. Recently, records by an eye witness to a forgery of an inscription by the pharaoh Khufu inside the Great Pyramid corroborated the book's conclusions. The Wars of Gods and Men, recounting events closer to our times, concludes that the Sinai spaceport was destroyed 4,000 years ago with nuclear weapons. Photographs of Earth from space clearly show evidence of such an explosion. Such gratifying corroboration of audacious conclusions has been even swifter for The Lost Realms. In the relatively short interval between the completion of the manuscript and its publication, archaeologists, linguists, and other scientists have offered a "coastal theory" in lieu of the "frozen trekking" one to account for man's arrival in the Americas--in ships, as this volume has concluded. These experts have "suddenly discovered 2,000 years of missing civilization" in the words of a Yale University scholar--confirming this book's conclusion--and are now linking the beginnings of such civilizations to those of the Old World, as Sumerian texts and biblical verses. For the first time, the entire Earth Chronicles series is now available in a hardcover collector's edition.

## The Flat Earth as Key to Decrypt the Book of Enoch

Lulu.com Shortly after accepting the flat earth as a model for the world, I decided to revisit the Book of the Courses of the Heavenly Luminaries to see if my new understanding would somehow mirror what Enoch was sharing as a motion for the sun and moon. As I began to read chapters 71-82, I found to my utter amazement that I was able to grasp those passages. I knew then that the vision that the angel Uriel had shown to Enoch could only be deciphered if one were to imagine Enoch's description of the revolution of the sun and the moon. As seen from above the flat circular plane of the earth as described by Isaiah; and that Enoch must have been taken up to perhaps where Polaris is, centered directly above the North Pole, and while looking down at the backdrop of the earth, was instructed on the motions of both the sun and moon. Without such conception, it is in my opinion impossible to apply these descriptions to the model of the earth as a spherical planet.

## Zecharia Sitchin and the Extraterrestrial Origins of Humanity

Simon and Schuster An in-depth analysis of Sitchin's revelations about the Anunnaki, early humanity, and Earth's future • Examines Sitchin's research into the Anunnaki arrival on Earth, the lineage of the Nefilim, their space travel technology, and their creation of modern humans • Written by longtime Sitchin friend and colleague M. J. Evans, Ph.D., and draws upon her research and personal discussions with Sitchin • Explores the lust and lovemaking relationships of the Nefilim and suggests we inherited our warlike and love making tendencies from them Known for his provocative interpretations of ancient Sumerian and Akkadian clay tablets, Zecharia Sitchin (1920-2010) read the words of our most ancient ancestors as fact and, through decades of meticulous research, showed that these ancient tablets revealed a coherent narrative about the extraterrestrial inhabitants of Earth and the origins of modern humanity. Drawing upon her many conversations with Zecharia Sitchin over nearly 20 years, M. J. Evans, Ph.D., longtime Sitchin friend and colleague, provides an in-depth analysis of Sitchin's revelations about the Anunnaki, focusing on Anunnaki activities on Earth and Earth's future. She explores the genesis of Sitchin's interest in the Nefilim, the leaders of the Anunnaki, and the controversy caused by the publication of Sitchin's first book, The 12th Planet. She examines Sitchin's research into the Nefilim family tree, the Anunnaki arrival on Earth to mine gold to repair the atmosphere on their planet, Nibiru, and their creation of modern humans as workers for their mines and to build their civilization on Earth. She shows how, in the context of 21st-century technological capabilities, Sitchin's work casts a different light on ancient events, with implications for our future. The author reveals

the details of the love and lust proclivities of the Nefilim gods Anu, Enlil, and Enki and the goddess Ishtar/Inanna and shows how we inherited these tendencies from our Anunnaki creators as well as their use of war for problem solving. Concluding with an examination of Sitchin's prediction of a nuclear event on Earth in 2024 AD, she shows how we would be repeating the aggressive warlike behaviors of our Anunnaki creators, who may very well become our saviors when Nibiru next returns to our solar system.

## A Guide to the Bible's Story, Symbolism, and Patterns

Crossway Is the Bible just a random collection of old stories, or is there something more going on within the pages of Scripture? Is it possible that the ancient books of the Old and New Testaments are part of a single, unified story, begun long ago but extending into our world today? In this introduction to biblical theology, professor James Hamilton orients Bible readers afresh to the overarching story line of Scripture, helping Christians read and interpret the Bible as the biblical writers intended and as the early Christians read it. Examining Scripture's key symbols, patterns, and themes, Hamilton helps readers truly grasp—and be transformed by—the theology of redemption contained in God's Word.

## The Secret History of the Anunnaki and Their Mission on Earth

Simon and Schuster Our origins as a slave species and the Anunnaki legacy in our DNA • Reveals compelling new archaeological and genetic evidence for the engineered origins of the human species, first proposed by Zecharia Sitchin in *The 12th Planet* • Shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA • Identifies a recently discovered complex of sophisticated ruins in South Africa as the city of the Anunnaki leader Enki Scholars have long believed that the first civilization on Earth emerged in Sumer some 6,000 years ago. However, as Michael Tellinger reveals, the Sumerians and Egyptians inherited their knowledge from an earlier civilization that lived at the southern tip of Africa and began with the arrival of the Anunnaki more than 200,000 years ago. Sent to Earth in search of life-saving gold, these ancient Anunnaki astronauts from the planet Nibiru created the first humans as a slave race to mine gold--thus beginning our global traditions of gold obsession, slavery, and god as dominating master. Revealing new archaeological and genetic evidence in support of Zecharia Sitchin's revolutionary work with pre-biblical clay tablets, Tellinger shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA--which explains why less than 3 percent of our DNA is active. He identifies a recently discovered complex of sophisticated ruins in South Africa, complete with thousands of mines, as the city of Anunnaki leader Enki and explains their lost technologies that used the power of sound as a source of energy. Matching key mythologies of the world's religions to the Sumerian clay tablet stories on which they are based, he details the actual events behind these tales of direct physical interactions with "god," concluding with the epic flood--a perennial theme of ancient myth--that wiped out the Anunnaki mining operations. Tellinger shows that, as humanity awakens to the truth about our origins, we can overcome our programmed animalistic and slave-like nature, tap in to our dormant Anunnaki DNA, and realize the longevity and intelligence of our creators as well as learn the difference between the gods of myth and the true loving God of our universe.

## The Starchild Skull -- Genetic Enigma Or Human-Alien Hybrid?

"In the 1930s a girl in Mexico found two skulls and brought them to the U.S. One was a normal human, the other was something else. Since 1999, Lloyd Pye has coordinated the extensive scientific testing of both skulls. *The Starchild Skull* is a charmingly wry, addictively readable book chronicling Pye's odyssey with the skulls."--From the publisher.

## Merchants of Sin

Why have the Jews been so hated throughout all of history? Why have they been kicked out of European countries well over a hundred times in the past? This book endeavors to answers that question.....at least partially. What is found inside is the fully updated and expanded version of a series of articles that were originally published on the world's most visited Alt-Right website, *The Daily Stormer*. It documents the extensive role that the Jews have played in the legalization of pornography in America, showing that they have accomplished this by influencing cultural attitudes and spearheading all of the various obscenity trials that resulted in landmark liberalizing Supreme Court decisions.

## The Future of Human Experience

## Visionary Thinkers on the Science of Consciousness

[Simon and Schuster](#) Explores the future predictions of cutting-edge scientists, spiritual teachers, and other visionaries and how we can affect the future • Shares insights from the author's discussions with Dr. Mehmet Oz, Raymond Moody, Larry Dossey, John Perkins, Michael Cremo, Gay Bradshaw, Ray Kurzweil, and many others • Examines what these visionary thinkers foresee for humanity based on current trends in medicine, science, agriculture, history, and other disciplines • Reveals how consciousness affects evolution and Earth's future For almost three decades Zohara Hieronimus has interviewed spiritual teachers, cutting-edge scientists, ancient wisdom keepers, laboratory-tested psychics, and other visionaries on their predictions for the near and far future. While the methods they use are significantly diverse, the similarities in their forecasts are striking. And, as Hieronimus reveals, one common theme resonates through them all: the power of human consciousness. Sharing insights from her discussions with Dr. Mehmet Oz, Raymond Moody, Larry Dossey, John Perkins, Michael Cremo, Gay Bradshaw, Ray Kurzweil, and many others, Hieronimus explores what these visionary thinkers foresee for humanity based on current trends in medicine, science, agriculture, Earth history, robotics, and spirituality. She examines natural, extraterrestrial, and man-made events that dramatically altered humanity's course in the past or might in the future, revealing a recurring cycle of catastrophic Earth changes and rebirths of civilization over billions of years. The author explains that, as part of the energetic expression of Divinity, we can influence the impact of Earth changes through our actions and intentions. She shows that the consciousness of humanity has the power to affect evolution, enact healing on personal and global levels, and alter even natural systems such as the weather. By studying predictions across a broad range of disciplines--from nano-technology to plant intelligence--from today's great minds and from ancient spiritual traditions, Hieronimus shows that we can significantly improve the long-term welfare of the Earth by unfolding our nonlocal consciousness, adopting a reverent attitude toward all life, and realizing how we do things is as vital as what we do.

## The Death of Jesus in Matthew

## Innocent Blood and the End of Exile

[Cambridge University Press](#) In this book, Catherine Sider Hamilton introduces a new lens through which to view the death of Jesus in Matthew. Using the concept of 'innocent blood', she situates the death of Jesus within a paradigm of purity and pollution, one that was central in the Hebrew Scriptures and early Judaism from the Second Temple to the rabbis. Hamilton traces the theme of innocent blood in Matthew's narrative in relation to two Jewish traditions of interpretation, one (in Second Temple literature) reflecting on the story of Cain and Abel; the other (chiefly in rabbinic literature) on the blood of Zechariah. 'Innocent blood' yields a vision that resists the dichotomies (intra muros vs extra muros, rejection vs redemption) that have characterized the debate, a vision in which both judgment and redemption - an end of exile - may be true. 'Innocent blood' offers a new approach not only to the meaning of Jesus' death in Matthew but also to the vexed question of the Gospel's attitude toward contemporary Judaism.

## The Anunnaki Connection

## Sumerian Gods, Alien DNA, and the Fate of Humanity from Eden to Armageddon

[New Page Books](#) Connects a diverse range of new and existing theories about the Anunnaki, offering a definitive guide to the Anunnaki while exploring their possible connection to humanity's past, present, and future. Over 6,000 years ago, the world's first civilization, the Sumerians, were recording stories of strange celestial gods who they believed came from the heavens to create mankind. These gods, known as the Anunnaki, are often neglected by mainstream historians. The Sumerians themselves are so puzzling; scholars have described their origin as "The Sumerian Problem." With so little taught about the ancient Sumerians in our history books, alternative theories have emerged. This has led many to wonder, What is the true story behind the Sumerians and their otherworldly gods, the Anunnaki? In *The Anunnaki Connection*, Heather Lynn connects a diverse range of new and existing theories about the Anunnaki, offering a definitive guide to Mesopotamian gods while exploring what role they might have played in engineering mankind. *The Anunnaki Connection* traces the evolution of gods throughout the Ancient Near East, analyzing the religion, myth, art, and symbolism of the Sumerians, investigating: Who are the Anunnaki? How accurate are the current Sumerian text translations, and how do we know for sure who to believe? Is there a connection between the Anunnaki and other ancient gods? What about demons? Where are the Anunnaki now? Will their possible return spell the end of our world?
