## The Financial Times Guide to Corporate Valuation

**Pearson UK** 'Understanding valuation is relevant to everyone with an ambition in business. For us a Cevian Capital it is an absolutely critical skill. This book will take you there faster than any other in the field.' Christer Gardell Former Partner McKinsey, Managing Partner and co-founder of Cevian Capital 'A handy, accessible and well-written guide to valuation. The authors manage to capture the reader with high-level synthesis as well as more detailed insights in a great way.' Anna Storakers Head of Group Strategy & Corporate Development, Nordea Bank AB, formerly with Goldman Sachs & Co and McKinsey & Co "If you can envision the future value of a company you are a winner. Make this comprehensive and diligent book on corporate valuation your companion pursuing transactions and you will succeed." Hans Otterling, Founding Partner, CEO Northzone Capital "Both in my previous position as an investment banker and today as an investor in high growth technology companies, corporate valuation has been a most critical subject. The Financial Times guide to Valuation serves as the perfect introduction to the subject and I recommend it to entrepreneurs as well as fellow private investors." Carl Palmstierna, former Partner Goldman Sachs, Business Angel 'Not only will Financial Times Guide to Corporate Valuation provide you with the basic understanding of corporate valuation, it also gives you an interesting insight into non-operational challenges that companies will face. And it does it all in an unexpectedly efficient and reader friendly manner. If you want to learn the basics and only have a few hours to spare, invest them into reading this book!' Daniel Hummel Head of Corporate Finance, Swedbank 'In this highly accessible and reliable introduction to valuation, Messieurs Frykman and Tolleryd have succeeded in selecting only the essential building blocks in a topic that can otherwise be difficult to navigate. Indeed a guide, this book will prove handy to many of us and a breakthrough to some.' Per Hedberg, Academic Director Stockholm School of Economics Russia 'This book provides an accessible and informative entry point to the vast topic of valuation. The book covers mechanics as well as how value is linked to intangibles, growth opportunities and industry structure, all the way providing clear examples of every key idea. The authors understand value: they know what is useful, what is practical and what is critical, and give any reader great guidance to the challenge of getting values right.' Bo Becker Assistant Professor Harvard Business School "I read Frykman & Tolleryd's book on Corporate Valuation the first time in the late 90's - the book has not only thought me how to value investments, but also how important it is to focus on long term cashflow when building and leading an organization" Mikael Schiller Owner, Chairman, Acne Studios 'The easy, no-nonsense approach to corporate valuation.' Fiona McGuire, Corporate Finance Director FGS Understanding corporate valuation is crucial for all business people in today's corporate world. No other measure can indicate as completely the current status as well as the future prospects of a company. The Financial Times Guide to Corporate Valuation is a quick, no-nonsense guide to a complex subject. Whether you're a manager, executive, entrepreneur or student this comprehensive reading guide will help you tailor your learning according to your experience, existing knowledge and time constraints. Using the example of a fictional European telecommunications company, Mobitronics, as a model, it provides key insights into universal issues in corporate valuation and the most commonly used valuation methods. THE ONLY STRAIGHTFORWARD GUIDE TO CORPORATE VALUATION

## The Financial Times Guide to Investing

### The definitive companion to investment and the financial markets

**Pearson UK** The Financial Times Guide to Investing is the definitive introduction to the art of successful stock market investing. Beginning with the very basics of why companies need investors and explaining what investors do, Glen Arnold takes you through the practicalities of buying and selling shares. He describes different types of investment vehicles and advises you how you can be successful at picking companies, understanding their accounts, managing a sophisticated portfolio, measuring performance and risk and setting up an investment club. The second edition of this bestselling introduction to investing explains how the financial markets operate, shows you what you need to know to be successful and encourages you to follow and act on your own judgements. Thoroughly updated to help you invest with skill and confidence, new sections include: Online investing, website information and tools including screenshots and virtual portfolios as well as computerised counterparty trading Detailed updating of tax rates and legislation, increases in ISA allowances and revisions to capital gains tax A jargon-busting glossary to help you understand words, phrases and investing concepts Recent Financial Times articles and tables which illustrate and expand on case studies and examples Up-to-date statistics on the returns you can expect on shares and bonds Investing can be profitable and fun and The Financial Times Guide to Investing 2nd edition, explains step-by-step both the essentials of investing as well as describing how the financial markets really work. It details the practicalities of investing, such as how to go about buying shares and describes the variety of financial securities you can buy, from bonds and unit trusts through to exchange traded funds. Exploding the myths that

only the wealthy can afford to buy and sell shares and showing you why you can be just as successful trading on your own as you would be by employing a fund manager, this authoritative guide book will help you build a profitable personal financial portfolio. What is investment The rewards of investment Understanding stock markets Using the financial media Buying and selling shares Pooled investments Investing in bonds Futures and options Financial spreadbetting Analysing companies and industries Mastering company reports and accounts Key investment ratios and measures Ticks of the accounting trade Managing your portfolio Mergers and takeovers Taxation and investors Measuring performance Investor protection Investment clubs

## The Financial Times Guide to Options

### The Plain and Simple Guide to Successful Strategies

**Pearson UK** The Financial Times Guide to Options, will introduce you to the instruments and markets of options, giving you the confidence to trade successfully. Options are explained in real-life terminology, using every-day examples and accessible language. Introducing three key options markets - stocks, bonds and commodities, the book explains options contracts from straight vanilla options to strangles and butterflies and covers the fundamentals of options pricing and trading Originally published as Options Plain and Simple, this new edition includes: How the options industry operates and how basic strategies have evolved Risk management and how to trade safely Inclusion of new products such as exchange traded funds A glossary of key words and further reading Addition of market scenarios and examples Like all investment strategies, options offer potential return while incurring potential risk. The advantage of options trading is that risk can be managed to a greater degree than with outright buying or selling. The Financial Times Guide to Options is a straightforward and practical introduction to the fundamentals of options. It includes only what is essential to basic understanding and presents options theory in conventional terms, with a minimum of jargon. This thorough guide will give you a basis from which to trade most of the options listed on most of the major exchanges. The Financial Times Guide to Options includes: Options in everyday life The basics of calls The basics of puts Pricing and behaviour Volatility and pricing models The Greeks and risk assessment: delta Gamma and theta Vega Call spreads and put spreads, or one by one directional spreads One by two directional spreads Combos and hybrid spreads for market direction Volatility spreads Combining straddles and strangles for reduced risk Combining call spreads and put spreads The covered write, the calendar spread and the diagonal spread The interaction of the Greeks Options performance based on cost Trouble shooting and common problems Volatility skews Futures, synthetics and put-call parity Conversions, reversals, boxes and options arbitrage

## FT Guide to Wealth Management

### How to Plan, Invest and Protect Your Financial Assets

## Financial Times Guide to the Financial Markets

**Ft Press** How financial markets work, in plain English! An authoritative, complete, and up-to-date guide to today's global financial system. \* \*The 'jargon-busting' guide to global finance: everything today's manager, investor, policymaker, and citizen needs to know. \*Crystal-clear introductions to banking, central banks, insurance, money and bond markets, equities, futures, options, swaps, FX, hedge funds, private equity, and how they fit together. \*Financial crises: what's happened, why -- and what the new landscape looks like. This is the most complete, authoritative, and up-to-date guide to the workings of financial markets, the global financial system, and their immense and relentless impact. Renowned financial author Glen C. Arnold assumes no prior financial knowledge, teaching through real world examples. He presents an invaluable international perspective, comparing the workings of major financial institutions and centers worldwide, from the U.S. Federal Reserve and Wall Street to the European and Japanese central banks, the IMF, and the World Bank. Arnold begins with a plain-English overview of the purposes of global financial markets and the institutions and individual markets that now comprise them. Next, he drills down to thoroughly illuminate each component of the financial markets, and the linkages among them. Arnold covers retail, corporate, investment, and other forms of banking; central banks; pooled investment funds; insurance; money markets; corporate, government, and exotic bond markets; equities and systems for raising capital; futures, options, and swaps; foreign exchange markets; hedge funds and private equity, and more. He concludes with insightful discussions of global financial regulation, the impact of recent and continuing global financial crises; the responses of governments; and the shape of the radically new global financial landscape.

## The Financial Times Guide to Social Media Strategy

### Boost your business, manage risk and develop your personal brand

**Pearson UK** Despite 80% of business leaders thinking it important to make the most of social media, 70% admitted that their efforts are currently ineffective - CMI SURVEY. This business book is great for leaders, middle managers and entrepreneurs interested in the following categories: SOCIAL MEDIA MARKETING LEADERSHIP BRANDING NETWORKING The FT Guide to Social Media Strategy will help you understand how social media works, how to use it to build your networks and deliver business growth. 'Whether in today's corporate world, in the public sector or in civil society, leaders must fully appreciate both the strategic impact and risk social media can mean for them. This book needs to be on top of their reading list!' Thomas Schultz-Jagow, Senior Director Campaigns and Communications, Amnesty International 'A wealth of practical advice to navigate the complexities of social media and minimise the risks.' Guy Lawrence, CEO, Mast-Jaegermeister UK 'Martin Thomas grasps the social media nettle and details the steps for leaders to master it for personal and business results. Read - and implement - this book by a respected master marketer.' Tom Trainor, Chief Executive, Marketing Institute of Ireland 'A practical how to guide for today's board director, that should help them overcome their fears and mistrust and begin to do it with confidence and do it their way.' Jonathan Turner, Chairman, Oxford Strategic Marketing. Social media is transforming customer service, market research, recruitment, campaigning and internal communications and encouraging the development of alternative business models and new corporate structures. There has never been a more important time for every business professional to understand its power, potential and pitfalls, but although you might recognise its growing importance, few business people have the knowledge, skills and confidence to make the most of the opportunity. Without a clear understanding of social media and a strategy for you and your business, you risk being exposed and ill-prepared. The FT Guide to Social Media Strategy provides a clear roadmap with practical guidance, inspirational case studies and proven methodologies. You'll understand how to use social media and gain competitive advantage by generating better results, making more sales, building stronger and more valuable networks and enhancing the potency of their personal digital brand. You'll also discover plans and processes to manager and mitigate against the risks of social media. This book is broken down into three core sections, focusing initially on the core social media knowledge that every business professional needs, before moving on to the use of social media to develop a personal digital brand and finally an explanation of how to harness the power of social media to boost business performance. Presented in a user-friendly language, with clear guidelines, informative case studies and practical advice, each chapter features a mix of case studies, practical advice, the latest research and intelligence from leading social media specialists and the outcome of interviews with business leaders, marketing and social media experts and industry commentators. Happy Reading! Please do share your thoughts with us.

## The Financial Times Guide to Investing

### The Definitive Companion to Investment and the Financial Markets

'The most damaging half truth for savers is "performance matters more than expenses". Read this book carefully and the financial services industry will have one fewer easy victim, but you will have a sound base for a lifetime of successful investment.' Martin White, Chair of UK Shareholders Association This is one of those great big books to buy and then tuck away for constant reference. It's a tour through everything from managing a portfolio to establishing a fair intrinsic value for a share. If it moves in the world of investing, it's probably here.' David Stevenson, 'Adventurous Investor' in the Financial Times 'Informative and easy to read, Glen Arnold has produced arguably the most comprehensive book there is today on stock market investing and one that unquestionably will give an edge to any retail investor. This is a must read for anyone serious about investing.' Simon Thompson, Companies Editor, Investors Chronicle The Financial Times Guide to Investing is the definitive introduction to the art of successful stock market investing. Bestselling author Glen Arnold takes you from the basics of what investors do and why companies need them through to the practicalities of buying and selling shares and how to make the most from your money. He describes different types of investment vehicles and advises you on how to be successful at picking companies, understanding their accounts, managing a sophisticated portfolio, measuring performance and risk and setting up an investment club. The third edition of this investing classic will give you everything you need to choose your shares with skill and confidence. Thoroughly updated, this edition now includes: - Comprehensive advice about unit trusts and other collective investments - A brand new section on dividend payments and what to watch out for - An expanded jargon-busting glossary to demystify those complex phrases and concepts - Recent Financial Times articles and tables to illustrate and expand on case studies and examples - Detailed updates of changes to tax rates and legislation as well as increases in ISA allowances and revisions to capital gains tax

## The Small Business Handbook

## The Entrepreneur's Definitive Guide to Starting and Growing a Business

**Financial Times/Prentice Hall** This text is a definitive introduction, explanation and commentary upon the Tanya, one of the greatest books of moral teaching of all times, which was written by the Chassidic master Rabbi Schneur Zalman at the beginning of the 19th century. Rabbi Adin Steinsaltz has written an illuminating introduction to the Tanya, including both overviews of its broad philosophical and spiritual messages as well as point-by-point commentary on the text itself.

## The Financial Times Guide to Value Investing

### How to Become a Disciplined Investor

**Ft Press** Provides tools for analysing investments and gives advice to the ordinary investor on strategies and techniques. • In the current economy, many companies are priced lower than usual, therefore it's the perfect time for value investing. • Includes insight from traders who have understood stock price behavior, and achieved enviable performance records. • Intellectually rigorous without being academically turgid. Value Investing is an investment strategy that generally involves buying shares in companies that appear under priced. It's considered to be cautious, or contrarian approach to investing but for most value investors it has delivered huge returns. The ideas derive from the investment theories of Ben Graham and David Dodd who taught at Columbia Business School in the 1920's. Famous proponents include Warren Buffett, John Templeton, Charlie Munger, Joel Greenblatt and Anthony Bolton.

## FT Guide to Banking

**Pearson** The Financial Times Guide to Banking is a comprehensive introduction to how banks and banking works. ## FT Essential Guide to Developing a Business Strategy

### How to Use Strategic Planning to Start Up or Grow Your Business

**Pearson UK** Want to take your company to the next level? You need a roadmap, a strategy. Preferably one that is simple, workable and saleable. This book provides you with just that. It sets out a straightforward strategy development process, the 'Strategy Pyramid', and guides you through it. It uses a lively central case study throughout, as well as drawing on examples of how real businesses have developed winning strategies. Whether you are intent on growing your business, or setting out on your start-up, this book offers an uncomplicated, practical and readable guide on how to get the strategy you need for your business to succeed. It offers sound advice on the following areas: Setting goals and objectives Forecasting market demands Gauging industry competition Tracking competitive advantage Targeting the strategic gap Bridging the gap with business strategy Bridging the gap with corporate strategy Addressing risk and opportunity The FT Essential Guide to Developing a Business Strategy will help businesses of all sizes to chart and realise their growth ambitions.

## The Digital Business Start-Up Workbook

## The Ultimate Step-by-Step Guide to Succeeding Online from Start-up to Exit

**John Wiley & Sons** How do I know if my idea will work? How do I decide on the business model? How do I find my audience? Your digital business start-up journey begins here. From the bestselling author of The Small Business Start-up Workbook, Cheryl Rickman brings you a thoroughly practical guide to starting up a digital business, covering the full journey from idea to exit, with easy-to-implement strategies to make your online venture an ongoing success. With a combination of tips, exercises, checklists, anecdotes, case studies and lessons learned by business leaders, this workbook will guide you

through each step of digital business. Learn how to: • Assess whether your business idea will work online/digitally • Choose the right business model for your proposition and avoid wasting time • Assess demand, viability and uncover untapped needs and gaps in the market • Build a usable, engaging website and mobile app • Create a buzz using social networking • Drive high quality traffic to your site and convert visitors into paying customers • Use search engine optimization (SEO) and marketing (SEM) tools effectively • Raise finance and protect your business • Build and maintain a strong brand • Recruit and retain a strong team • Sell the business or find a suitable successor. Reviews for the book: "If you want advice on starting your own internet business, don't ask me, read this book instead. It is more up-to-date and costs far less than a good lunch." Nick Jenkins, Founder of Moonpig.com "This book excels in providing practical guidance on how to create a successful digital business which exceeds customer expectations and keeps customers happy each step of the way." Scott Weavers-Wright, CEO of Kiddicare.com, and MD of Morrison.com (non-food) "If you read just one book on digital business, make it this one... It is inspirational, informative and interactive in equal measure. Highly recommended!" Rowan Gormley, Founder and CEO of NakedWines.com "Interspersed with inspiring and useful stories from successful entrepreneurs, this book can help aspiring business owners through a step-by-step process of refining their start-up ideas and building a solid business." Elizabeth Varley, Founder and CEO of TechHub

## Finance in a Nutshell

### A No-nonsense Companion to the Tools and Techniques of Finance

**Pearson Education** No other book is a comprehensive toolkit of financial issues, instructive, and so easy to read, all at the same time ? this is an easy-to-read guide to the hard-to-understand stuff of business finance. The author regularly gives talks, seminars, and courses for executives and is very aware of their lack of understanding (or their inability to remember) simple but key financial concepts and tools. He is continually asked to recommend a simple book that helps them to refresh key financial concepts and tools. Self-contained: Other than some elementary algebra, no other previous knowledge will be necessary to understand the concepts discussed. Comprehensive: It will contain most or all topics, concepts, and tools that executives can easily forget, find hard to understand, and/or would like to know more about. Simple and easy to read: Many well-educated executives have all but forgotten their finance and are regularly put off by books that are far more academic than they need. This book will be written in a simple and conversational style. Concise with short chapters throughout: This is critical as many executives are put off by long books or never ending chapters. Essential elementary theory and many real-world examples. All concepts and tools will be illustrated with catchy and factual examples. Excel: Spreadsheets have become an inseparable part of working in Finance and this book will show readers how to use Excel to simplify their work. Test Yourself: problems with worked numerical solutions throughout.

## Get Started in Shares

### Trading for the First-Time Investor

**Pearson UK** Investing can be fun as well as rewarding. It could certainly earn you much more than you could gain by sticking your money in a bank account. It really does not require much to make money from the stock market - just an understanding of a few simple concepts and the following of a few rules. Written by the UK's most successful writer on investing, *Get Started in Shares* explains in very clear and simple terms what shares are, how they are traded and what to look out for as an owner of shares. This is a straight-talking guide to the mysteries of investing that assumes no prior knowledge and will build up your understanding of investing in a series of easy steps.

## The Financial Times Guide to Inclusion and Diversity

### Your Comprehensive Guide to Implementing a Successful I&D Strategy

"The business case for inclusion and diversity is becoming clearer to leaders. For a business to grow and create a sustainable future, it needs a diverse group of people, working in an inclusive environment. For these people to feel they can contribute and be included, regardless of their background, inclusive leadership is required, to drive the growth and innovation, and to do this, organisations need to bring different people together and lead in an inclusive way. This book gives a different perspective of behaviours, inclusion and diversity. It aims to provide tools and techniques that, if your organisation is brave enough, will help shift the needle"--
