The Gospel According to St. John

An Introduction with Commentary and Notes on the Greek Text

Westminster John Knox Press

In this useful work, C. Kingsley Barrett offers an insightful commentary on the book of John. Barrett seeks to view John in light of a variety of contexts, including that in which it was written, and its implications for modern-day readers. The book includes detailed notes and commentary on each chapter of John's Gospel.

The Gospel According to St. John An Introduction with Commentary and Notes on the Greek Text

Society for Promoting Christian Knowledge

C. K. Barrett's Commentary on the Greek text of the Gospel of John has long been recognized as a major contribution to theological studies and has become the standard work in the field. His comprehensive Introduction to the Gospel deals not only with questions of date and authorship, but also with its theology and its place in developing Christian thought and institutional life. This is followed by a detailed commentary that explains John's language and provides a thorough exegesis of his text.

Excerpt from The Apocalypse of St. John, I-III:

The Greek Text, With Introduction, Commentary, and Additional Notes

HE Introduction and Commentary and the former Additional Note were set up in the first instance from the somewhat complicated ms. Of Dr Hort's lectures by the skilful printers of the Cambridge University Press. References were then verified and occasionally revised, and abbreviated sentences completed where it seemed necessary. The second Additional Note is added to illustrate Dr Hort's reference on p. Xxxii. A few sentences enclosed in square brackets have been introduced from the notes of Dr Murray and others who attended the course in 1889. The Bishop of Ely and Dr Barnes kindly lent their note-books for this purpose. At Dr Murray's invitation I have seen the work through the press; but this has been done only under his constant and kindly supervision. About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to
preserve the state of such historical works. The Gospel According to St. John An Introduction with Commentary and Notes on the Greek Text The Clouds of Aristophanes. the Greek Text Revised with a Translation Into Corresponding Metres, Introduction and Commentary Hardpress Publishing Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy. 4 Maccabees Septuagint Commentary This commentary examines 4 Maccabees as a contribution to the ongoing reformulation of Jewish identity and practice in the Greek-speaking Diaspora. It analyzes the Jewish author's interaction with, and facility in, Greek rhetorical conventions, ethical philosophy, and literary culture, giving attention also to his use and interpretation of texts and traditions from the Jewish Scriptures and other Hellenistic Jewish writings. The commentary exhibits the author's skillful weaving together of all these resources to create a text that interprets the Torah-observant life as the fullest embodiment of the best Greek ethical ideals. A distinctive feature is the examination of how the experience of reading 4 Maccabees in Codex Sinaiticus differs from the experience of reading the eclectic text. Alexander Aphrodisiensis, "De anima libri mantissa" A new edition of the Greek text with introduction and commentary Walter de Gruyter GmbH & Co KG R. W. Sharples provides a new edition, with introduction and commentary in English, of the Greek text. The Mantissa is a collection of short discussions, transmitted as a supplement to the treatise On the Soul by the Aristotelian commentator Alexander of Aphrodisias (c.200 AD). The collection includes discussion of a range of topics, among them the nature of soul and intellect, theories of how seeing takes place, issues in ethics, and the nature of fate. The text is based upon a new collation of the principal manuscript, the ninth century Venetus Marcianus graecus 258, and the apparatus corrects Bruns' misreportings of the principal manuscript and of the others that he used. Account has also been taken of the medieval Arabic and Latin versions of some of the sections which circulated independently, notably On Intellect which had a substantial influence on medieval philosophy. The introduction is chiefly concerned with the manuscripts and the relation between them. The commentary is based on the notes to the editor's English translation of the work (London: Duckworth and Ithaca: Cornell University Press, 2004); however, the commentary also takes into account more recent work on the collection by various scholars. Selections from St. John Chrysostom. The Greek text edited with introduction and commentary by ... J.F. D'Alton The Gospel of Mark A Commentary on the Greek Text Wm. B. Eerdmans Publishing This commentary series is established on the presupposition that the theological character of the New Testament documents calls for exegesis that is sensitive to theological themes as well as to the details of the historical, linguistic, and textual context. Such thorough exegetical work lies at the heart of these volumes, which contain detailed verse-by-verse commentary preceded by general comments on each section and subsection of the text. An important aim of the NIGTC authors is to
interact with the wealth of significant New Testament research published in recent articles and monographs. In this connection the authors make their own scholarly contributions to the ongoing study of the biblical text. The First Letter of Peter A Commentary on the Greek Text Baylor University Press A renowned Biblical scholar provides an important new commentary Lykophron: Alexandra Greek Text, Translation, Commentary, and Introduction Oxford University Press, USA The Alexandra attributed to Lykophron is a minor poetic masterpiece. At 1474 lines, it is one of the most important and notoriously difficult Greek poems dating from the hellenistic period (most likely the early second century BC). The poem’s importance arises from the light which it sheds on Greek religion (in particular the role of women), on foundation myths and myths of colonial identity, and on local - especially Italian - cults and cult places. The difficulty of the poem stems from its unusual vocabulary - many words of ancient Greek are found only in this poem - and the riddling and meandering way in which most of the many mythological characters are referenced. As well as providing the Greek text in full and its English translation, this volume provides the first ever full-length commentary in English on the poem. The Epistle of St. James The Greek Text with Introduction, Commentary As Far As Chapter IV, Verse 7, and Additional Notes - Primary Source Edit Nabu Press This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process.
