PARENTOLOGY

EVERYTHING YOU WANTED TO KNOW ABOUT THE SCIENCE OF RAISING CHILDREN BUT WERE TOO EXHAUSTED TO ASK

Simon and Schuster **An award-winning scientist offers his unorthodox approach to childrearing: "Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of Battle Hymn of the Tiger Mother). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In Parentology, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley's sassy kids show him the limits of his profession. Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You'll be laughing and learning at the same time.**

A FUNDING GUIDE FOR EXPLORERS, ADVENTURERS, AND WOULD-BE WORLD TRAVELERS

Skyhorse Christopher Columbus needed a sponsor for a dangerous expedition, but the king of Portugal wasn't interested. He repackaged his proposal for the queen of Spain. She put Columbus on retainer, and the rest is history. Columbus may not have been the first to discover America, but he had a great publicist. That's where Jeff Blumenfeld comes in. For many years, using a PR specialty called adventure marketing, Jeff has connected explorers and their projects with corporate sponsors looking to demonstrate product performance in extreme conditions. His book takes the reader from Erik Weihenmayer's expedition to be the first blind man to summit Mount Everest, to the first confirmed dogsled expedition of the North Pole, to Audrey Mestre's deadly free dive expedition off Bayahibe beach in the Dominican Republic. *You Want to Go Where?* is the only book that not only takes you behind the scenes of some of the most dangerous adventure expeditions in recent years, but also shows how you can fund and arrange your own trip, including details on everything from grants to sponsorships. For anyone who's ever had a dream to scale the tallest mountain or cross the largest ocean, *You Want to Go Where?* is your ticket. Full of fascinating stories and practical advice, it's ideal for armchair explorers and budding adventurers alike.

THE EVERYTHING STORE

JEFF BEZOS AND THE AGE OF AMAZON

Little, Brown The authoritative account of the rise of Amazon and its intensely driven founder, Jeff Bezos, praised by the *Seattle Times* as "the definitive account of how a tech icon came to life." Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection and seductive convenience at disruptively low prices. To do so, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. *The Everything Store* is the revealing, definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read.

YOU WANT TO GO WHERE?

HOW TO GET SOMEONE TO PAY FOR THE TRIP OF YOUR DREAMS

Skyhorse Publishing Inc. Part how-to; Part memoir. A sharp, inside look at adventure expeditions from a seasoned expert in Adventure marketing. The book includes tales of daring in the adventure travel world, like the tale of 33-year old ex-Navy SEAL, Dwight Collins, who set his mind to completing the fastest Trans-Atlantic voyage ever on a bicycle-powered boat (4 days, 20 hours). Blumenfeld also explores the darker side of the business, retelling the story of a corporate sponsorship he coordinated in which a 25-year old freediver was killed as she attempted a world record dive in the Dominican Republic. Blumenfeld stood on the boat's deck with her husband as the body was pulled aboard from nearly 500 feet underwater. Also included is a practical guide for adventure travelers - Paying for your trip - grants, sponsorships, etc; Adventure Organizations; Recommended Reading and Viewing; Guide Services worldwide.

THE ACADEMY AND LITERATURE

THE PUBLISHERS' TRADE LIST ANNUAL

THEN SHE WAS GONE

A NOVEL

Simon and Schuster #1 NEW YORK TIMES BESTSELLER From the New York Times bestselling author of *Invisible Girl* and *The Truth About Melody Browne* comes a “riveting” (PopSugar) and “acutely observed family drama” (People) that delves into the lingering aftermath of a young girl’s disappearance. Ellie Mack was the perfect daughter. She was fifteen, the youngest of three. Beloved by her parents, friends, and teachers, and half of a teenaged golden couple. Ellie was days away from an idyllic post-exams summer vacation, with her whole life ahead of her. And then she was gone. Now, her mother Laurel Mack is trying to put her life back together. It’s been ten years since her daughter disappeared, seven years since her marriage ended, and only months since the last clue in Ellie’s case was unearthed. So when she meets an unexpectedly charming man in a café, no one is more surprised than Laurel at how quickly their flirtation develops into something deeper. Before she knows it, she’s meeting Floyd’s daughters—and his youngest, Poppy, takes Laurel’s breath away. Because looking at Poppy is like looking at Ellie. And now, the unanswered questions she’s tried so hard to put to rest begin to haunt Laurel anew. Where did Ellie go? Did she really run away from home, as the police have long suspected, or was there a more sinister reason for her disappearance? Who is Floyd, really? And why does his daughter remind Laurel so viscerally of her own missing girl?

THE GRACE WALK EXPERIENCE

ENJOYING LIFE THE WAY GOD INTENDS

Harvest House Publishers For years, Steve McVey's *Grace Walk* (more than 200,000 copies sold) has inspired Christians to leave behind a performance and fear-based faith to embrace a faith lived in abundance and grace. Now *The Grace Walk Experience* workbook helps readers move that message of hope from their heads to their hearts as they explore eight truths that have changed lives worldwide daily, interactive studies that reveal grace as much more than a doctrine ways to quit "doing" for God so that He can live through them illustrations of the wonder and miracle of faith as God intended God's Word, salvation, and evangelism with new perspective This excellent tool for church classes, small group discussion, and individual study will lead believers to understand their identity in Christ, let go of legalism, and make room for the overflowing love, mercy, and purpose of life lived wholly in God's grace.

THE PIRATE QUEEN

IN SEARCH OF GRACE O'MALLEY AND OTHER LEGENDARY WOMEN OF THE SEA

Seal Press *The Pirate Queen* begins in Ireland with the notorious Grace O'Malley, scourge to the most powerful fleets of sixteenth-century Europe. This Irish clan chieftain and pirate queen was a contemporary of Elizabeth I, and a figure whose life is the stuff of myth. Regularly raiding English ships caught off Ireland's west coast, she commanded two hundred men (and a couple of husbands), and acquired lands and castles that still dot the Irish coastline today. But Grace O'Malley was not alone—especially in the waters of the North Atlantic, where author Barbara Sjöholm traveled through coastal communities and seafaring ports to collect these little-known stories. Since ancient times, women have rowed and sailed, commanded and fished, built boats, and owned fleets. *The Pirate Queen* brings some of these extraordinary heroines back to life, including Leif Eiríksson's explorer sister Freydís, and Trouser-Beret, the

Norwegian fishing captain. Sjöholm takes readers on an unforgettable journey from the wild Irish coast through the lonely Shetlands and Faroes to the haunting fjords of Iceland and Norway, in this meticulously researched, colorfully written, and truly original work.
