LIFE, LIBERTY, AND THE PURSUIT OF ENTREPRENEURSHIP

Viperion Publishing Corp **What if Life Wasn't About 50 Years of Wage-Slavery, Paying Bills and then Dying? Tired of sleepwalking through a mediocre life bribed by mindless video-gaming, redemptive weekends, and a scant paycheck from a soul-suffocating job? Welcome to the SCRIPTED club— where membership is neither perceived or consented. The fact is, ever since you've been old enough to sit obediently in a classroom, you have been culturally engineered for servitude, unwittingly enslaved into a Machiavellian system where illusionary rules go unchallenged, sanctified traditions go unquestioned, and lifelong dreams go unfulfilled. As a result, your life is hijacked and marginalised into debt, despair, and dependence. Life's death sentence becomes the daily curse of the trivial and mundane. Fun fades. Dreams die. Don't let life's consolation prize become a car and a weekend. Recapture what is yours and make a revolutionary repossession of life-and-liberty through the pursuit of entrepreneurship. A paradigm shift isn't needed—the damn paradigm needs to be thrown-out altogether. The truth is, if you blindly follow conventional wisdom pushed by conventional people living conventional lives, can you expect to be anything but conventional? Rewrite life's script: ditch the job, give Wall Street the bird, and escape the insanity of trading your life away for a paycheck and an elderly promise called retirement. UNSCRIPT today and start leading life— instead of life leading you.**

THE MILLIONAIRE FASTLANE

CRACK THE CODE TO WEALTH AND LIVE RICH FOR A LIFETIME

Viperion Publishing Corp **10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.**

SUMMARY - UNSCRIPTED: LIFE, LIBERTY, AND THE PURSUIT OF ENTREPRENEURSHIP BY M J DEMARCO

Shortcut Edition * **Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. By reading this summary, you will discover how to take a break from an ordinary existence and build a profitable and sustainable business, freeing yourself from preconceived ideas and social conventions. You will also discover that : society manipulates your thoughts and actions to force you to live an ordinary and conformist life; you can escape this by changing your state of mind; being an independent entrepreneur requires a lot of effort, but leads to freedom and happiness; there is no single path to success and wealth: everyone must follow his or her own vocation. In today's society, every day is the same, and so are all people. We act like remote-controlled robots to produce and satisfy the global economic system. Work is a prison and even free time is regulated by society, so that we no longer think for ourselves. Yet another life is possible, that of a free and independent entrepreneur. All that is needed is a change of mind and the foundation of a self-sufficient business. *Buy now the summary of this book for the modest price of a cup of coffee!**

Beginning in his hometown of New Orleans, Clint Smith leads the reader on an unforgettable tour of monuments and landmarks—those that are honest about the past and those that are not—that offer an intergenerational story of how slavery has been central in shaping our nation's collective history, and ourselves. It is the story of the Monticello Plantation in Virginia, the estate where Thomas Jefferson wrote letters espousing the urgent need for liberty while enslaving more than four hundred people. It is the story of the Whitney Plantation, one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work sustained it. It is the story of Angola, a former plantation-turned-maximum-security prison in Louisiana that is filled with Black men who work across the 18,000-acre land for virtually no pay. And it is the story of Blandford Cemetery, the final resting place of tens of thousands of Confederate soldiers. A deeply researched and transporting exploration of the legacy of slavery and its imprint on centuries of American history, *How the Word Is Passed* illustrates how some of our country's most essential stories are hidden in plain view—whether in places we might drive by on our way to work, holidays such as Juneteenth, or entire neighborhoods like downtown Manhattan, where the brutal history of the trade in enslaved men, women, and children has been deeply imprinted. Informed by scholarship and brought to life by the story of people living today, Smith's debut work of nonfiction is a landmark of reflection and insight that offers a new understanding of the hopeful role that memory and history can play in making sense of our country and how it has come to be.

A NEW BEGINNING II

A PERSONAL HANDBOOK TO ENHANCE YOUR LIFE, LIBERTY, AND PURSUIT OF HAPPINESS

Abraham-Hicks Publications

DAS BOOK: ON GROWTH AND DEVELOPMENT

Independently Published The story of economic growth and development deserves to be told time and time again. It is a story that will likely never get old, and a story that could potentially improve the life of millions. One of the most important takeaways for any student of economics is that economic performance impacts almost every aspect of our lives. By and large, places that are more economically developed tend to have a higher life expectancy, generate more art and culture, provide better education and better opportunities than places that are less developed. In many respects, economics is just as important today as medicine was in Medieval Times. But, just as healers in Medieval times had a spurious knowledge of what made a sick person better (e.g. blood-letting was considered a cure-all for diseases for quite some time), so do economists today have a spurious knowledge of what makes a sick economy better. The very foundation of economics, up to a few years ago, was built on the fallacious premise that humans are rational beings, and economists have been more pre-occupied with developing fancy mathematical models rather than trying to understand the world around them. This book focuses on the big topics of growth and development, and aims to bring together some of the key lessons of economics we have learned so far, while also trying to provide some new lessons. As such, the book is as much a compilation of existent major growth and development theories and ideas, and an attempt at an original contribution to this large field. You will be the judge of whether this task was actually achieved or not.

DIANA

IN PURSUIT OF LOVE

Michael O'Mara Books When Andrew Morton's world-famous biography, *Diana: Her True Story*, was first published, it caused a media frenzy, and shook the British Establishment to its foundations. Later revealed as having been written with the Princess's full co-operation, this international bestseller is now widely regarded as her official biography. Yet it was not the full story, as in all the sound and fury of its publication, Diana began a journey - a courageous evolution from life as a downtrodden wife and reluctant royal to a self-confident and independent modern woman. *Diana: In Pursuit of Love* follows this journey, picking up the story where Andrew's first book left off and uses new sources and material as well as a wealth of previously unpublished matter and 16 pages of stunning photos. The book reveals the stories of figures such as her renowned lover James Hewitt, her butler Paul Burrell and Prince Charles's valet, Michael Fawcett, while intriguing comments that Diana made to Morton in taped conversations become extremely important in view of subsequent events. *In Pursuit of Love* is an honest, unbiased account of one of the most admired, influential figures of our era and the definitive study of Diana.

EXTRAORDINARY PR, ORDINARY BUDGET

A STRATEGY GUIDE

Berrett-Koehler Publishers Low Cost, High Impact! Public relations is a make-or-break factor for all organizations, especially those that are small or mission driven. While it can be tempting to think that PR is a luxury only larger organizations can afford, PR expert Jennifer R. Farmer shows how her CRR framework—being credible, creative, responsive, and relentless—is the silver bullet for even cash-strapped organizations. Farmer emphasizes that effective public relations is in fact an essential component of organizational development—people need to know about you for your organization to have maximum impact. Her CRR framework leverages tools everyone has access to, from social media to brand transparency, and requires attentiveness more than money. Farmer shows you that, no matter how modest your budget, you can build a cost-effective communications strategy that will help you break through the noise in an information-overloaded world.

SUMMARY OF "ATOMIC HABITS" BY JAMES CLEAR - FREE BOOK BY QUICKREAD.COM

QuickRead.com Want more free books like this? Download our app for free at <https://www.QuickRead.com/App> and get access to hundreds of free book and audiobook summaries. Learn about the easy and proven way to build good habits and break the bad ones. What's a habit? If someone were to ask you about your daily habits, you might need some time to think about them. That's because a habit, by definition, is an act that you perform automatically by instinct. Like when you walk into a dark room, you instinctively turn on a light switch, right? Habits are actions you don't even have to think about, which is why you might not realize how a small daily action can have a powerful effect on your life. If you're saving a dollar a day or smoking a cigarette a day, these actions may not seem like much now, but twenty years from now, those habits can either make you rich or, unfortunately, kill you. That's why it's important to understand how habits are formed, so you can learn how to kick the bad habits, implement the healthy ones, and take back control of your life.

THE COMFORT OF THINGS

John Wiley & Sons What do we know about ordinary people in our towns and cities, about what really matters to them and how they organize their lives today? This book visits an ordinary street and looks into thirty households. It reveals the aspirations and frustrations, the tragedies and accomplishments that are played out behind the doors. It focuses on the things that matter to these people, which quite often turn out to be material things - their house, the dog, their music, the Christmas decorations. These are the means by which they express who they have become, and relationships to objects turn out to be central to their relationships with other people - children, lovers, brothers and friends. If this is a typical street in a modern city like London, then what kind of society is this? It's not a community, nor a neighbourhood, nor is it a collection of isolated individuals. It isn't dominated by the family. We assume that social life is corrupted by materialism, made superficial and individualistic by a surfeit of consumer goods, but this is misleading. If the street isn't any of these things, then what is it? This brilliant and revealing portrayal of a street in modern London, written by one of the most prominent anthropologists, shows how much is to be gained when we stop lamenting what we think we used to be and focus instead on what we are now becoming. It reveals the forms by which ordinary people make sense of their lives, and the ways in which objects become our companions in the daily struggle to make life meaningful.

HOW TO BE A CAPITALIST WITHOUT ANY CAPITAL

THE FOUR RULES YOU MUST BREAK TO GET RICH

Penguin Instant Wall Street Journal Bestseller! You don't need to be Ivy League educated, have money, be creative, or even have an idea to get rich. You just need to be willing to break the rules. At nineteen, I founded a software company with \$119 in my bank account. Five years later, it was valued at \$10.5 million. I don't consider myself exceptionally brilliant. I just realized something few people know: You don't need lots of money or an original idea to get really rich. Now, I make more than \$100,000 in passive income every month, while also running my own private equity firm and hosting The Top Entrepreneurs podcast, which has more than 10 million downloads. This book will show you how I went from college dropout to member of the New Rich. And I'm holding nothing back. You'll see my tax returns, my profit and loss statements, my email negotiations when buying and selling companies. It's time to forget your grandfather's advice. I'll teach you how to be a modern opportunist--investor, entrepreneur, or side hustler--by breaking these four golden rules of the old guard: 1.Focus on one skill: Wrong. Don't cultivate one great skill to get ahead. In today's business world, success goes to the multitaskers. 2.Be unique: Wrong. The way to get rich is not by launching a new idea but by aggressively copying others and then adding your own twist. 3.Focus on one goal: Wrong. Focus instead on creating a system to produce the outcome you want, not just once, but over and over again. 4.Appeal to the masses: Wrong. The masses are broke (\$4k average net worth in America?). Let others cut a trail through the jungle so you can peacefully walk in and capitalize on their hard work. By rejecting these defunct rules and following my unconventional path, you can copy other people's ideas shamelessly, bootstrap a start-up with almost no funding, invest in small local businesses for huge payoffs, and reap all the benefits.

Abrams A funny and timely debut YA about the toxic masculinity at a famous improv comedy camp Seventeen-year-old Zelda Bailey-Cho has her future all planned out: improv camp, then Second City, and finally Saturday Night Live. She's thrilled when she lands a spot on the coveted varsity team at a prestigious improv camp, which means she'll get to perform for professional scouts—including her hero, Nina Knightley. But even though she's hardworking and talented, Zelda's also the only girl on Varsity, so she's the target for humiliation from her teammates. And her 20-year-old coach, Ben, is cruel to her at practice and way too nice to her when they're alone. Zelda wants to fight back, but is sacrificing her best shot at her dream too heavy a price to pay? Equal parts funny and righteous, Unscripted is a moving debut novel that Printz Award winner Nina LaCour calls "a truly special book, written at exactly the right time."

OUR ULTIMATE REALITY, LIFE, THE UNIVERSE AND DESTINY OF MANKIND

Mind Power Corporation "From the earliest days of thinking man, people the world over have pondered the nature of the Universe, our planet, and of ourselves. What does it all mean? Why am I here? What is the real purpose of my life? What will happen to me after I die? Will I return once again for another life on Earth?" So starts the first paragraph of this book, summarising and encapsulating very succinctly both the reason I was inspired to write Our Ultimate Reality and a concise summary of the contents contained therein. As we approach the end of a great age for humanity, increasingly more people from all walks of what we know as "life" are asking what it all means for them, for their families and for their future existence on this planet we call "Earth." Our Ultimate Reality, Life, the Universe and Destiny of Mankind is your complete reference and guide for realising the Divine heritage of each and every one of us as equal aspects of our Creator, a life of perfect happiness, health, abundance, fulfilment and Spiritual evolution. This book has been written in a modern, understandable, non-mystical way, setting out in a concise, logical, easy to follow format, all you need to know in order to understand, pursue and realise your own true potential during this pivotally important era. I wish you every possible success as you follow your own true destiny on the path of return to our Divine Creator from Whom we came in the beginning, and wish that this book will prove to be your valuable guide and companion.

THE STARTUP GROWTH BOOK

50+ PROVEN WAYS TO SCALE YOUR BUSINESS WITHOUT A MARKETING BUDGET

50+ Proven Ways to Scale Your Business Without a Marketing Budget Marketing is consistently considered one of the main reasons that startups fail, and every year, tens of thousands of businesses close simply because they didn't prioritize marketing early enough. The problem is that many startup founders believe they cannot do any real marketing until they can afford it, and that's simply not true, because Marketing doesn't have to cost a dime! After 15 years handling growth for startups, Andrew Lee Miller, an accomplished, early-stage startup marketing expert, who's taken three young companies to multi-million dollar exits, found that there were tons of valuable growth strategies that could be implemented that don't cost anything. Bootstrapped Marketing, Growth Hacking, Organic Marketing and more, all refer to the lesser known ways of attaining scalable growth for your business without a large "war chest" for paid advertising, and Andrew has spent over a decade developing, testing, and proving out the best of the best strategies that actually work. The Startup Growth Book then is the culmination of Andrew's 15+ years of in-the-trenches startup growth experience and is the only business book out there that actually teaches entrepreneurs and marketers how to build sustainable, scalable growth, channel by channel, with zero advertising budget. Tried and tested by Andrew himself, this book directly draws from Andrew's experiences scaling over 100 startups in over a dozen nations and languages. This book is ideal for young marketers who want to learn cutting-edge tactics from a master, as well as new businesses that want to grow organically and prove traction without spending cash on Paid Advertising. For the first time ever, Andrew will show you how to scale organically using 10 different channels. Learn exactly how to launch and scale these channels without spending money: * Public Relations across all major media channels * Search Engine Optimization so people can discover you organically * Email Marketing to master the most effective means of marketing communication * Social Media Marketing and Influencer Marketing done right ... and more. After reading this book, you will be able to implement these lessons to drive growth in your business without needing to outsource to a Marketing agency, hire a marketing team, or even run any Facebook ads. Dozens of companies have already implemented Andrew's growth hacking tactics, and have scaled to millions of dollars in revenue.

MAKE MONEY WORK FOR YOU: PURSUING FINANCIAL FREEDOM WITHOUT YOUR DAY JOB

Bruce Walker ☆78 Percent of Workers are Living From Paycheck-to Paycheck★ We spend one-third or more of our days at work. Work defines us as people, when we aren't happy at work, other areas of our life will suffer. Yet close to more than 80 percent of workers say they don't feel satisfied with their job. This is a serious matter if we look at it from a long-term perspective. It's understandable that it takes courage to leave a job and its security. For a lot of people, we need that paycheck to sustain our living. But when an individual is in a job that lacks growth and is fostering complacency, there is a lack of worth, we'll feel innate that our value is not as high as we would like. "This can make us feel trapped." Working/doing something you don't like or enjoy can feel like a waste of your precious time, but if we have a plan and know how to have money working for you. It would be a total game changer. In this book, we'll take a closer look at exactly where you are financially and how you can quickly get to financial independence from where you are currently. \$100M OFFERS

HOW TO MAKE OFFERS SO GOOD PEOPLE FEEL STUPID SAYING NO

I took home more in a year than the CEOs of McDonalds, IKEA, Ford, Motorola, and Yahoo....combined....as a kid in my twenties....using the \$100M Offer method. It works. And it will work for you. Not that long ago though, my business had gotten so bad that I literally couldn't even give my services away for free. At the end of each month, I would look at my bank account hoping to see progress (but there wasn't). I knew something had to change...but what? Over the 48 months, I went from losing money to making \$36 for every \$1 spent. In that time period, we generated over \$120,000,000 across four different industries: service, e-commerce, software, and brick & mortar. But, unlike everyone else, we didn't have great funnels, great ads, or a wealthy niche. In fact, we didn't even send emails until we had crossed \$50M in sales(!). Instead, we were able to do this one thing really well....we created offers so good, people felt stupid saying no. Here's exactly what this book will show you how to do: How To Charge A Lot More Than You Currently Are... How To Make Your Product So Good, Prospects Find A Way To Pay For It How To Enhance Your Offer So Much, Prospects Buy Without Hesitating And so much more... If you want to get more prospects to reply to your ads for less advertising dollars, and get them to say YES to breathtaking prices...then grab this book, use its contents, and see for yourself.

THE CHOOSE YOURSELF GUIDE TO WEALTH

Createspace Independent Publishing Platform This is a bold book by James Altucher because he not only gives you a new map for the new financial landscape, but he also has skin in the game. This is the first financial book in which the author REVEALS HOW HE, PERSONALLY, MAKES HIS OWN MONEY. We are living in an epic period of change, danger and opportunity. The economy is crashing and booming every few years. People are getting fired and replaced by computers and Chinese workers. The stock market crashes with regularity. Every "fix" from the government makes things worse. The Old World has been demolished... and people are desperate for answers. James Altucher's "The Choose Yourself Guide To Wealth" contains those answers. This is the field guide to the "New World" we live in. You can play by the old rules and get left behind, or you can use these new ideas and become wealthy. This is not a book for the faint of heart. Read at your own risk, because sometimes the truth is hard to take. But for those who are ready to hear, James provides an updated map of the new territory for generating wealth and freedom. This book is the eye-opener of the century, it is the guide to building, keeping, and investing your money and breaking free from the chains of rusted, old thinking.

WOMEN, GENDER, AND CRIME

CORE CONCEPTS

SAGE Publications Women, Gender, and Crime: Core Concepts provides you with a complete and concise view into the intersection of gender and the criminal justice system. Author Stacy L. Mallicoat explores core topics on women as victims, offenders, and criminal justice professionals as they interact with various areas of the criminal justice system. She investigates relevant subjects that are not found in many traditional texts, including women who work as victim advocates and international issues of crime and justice relating to gender. Key Features: This text discusses women and victimization prior to covering women as offenders, because victimization is often a precursor to offending. Case Studies present compelling examples that connect concepts to real-life occurrences to reinforce learning and cover key issues, such as, sexual victimization in the military, stalking on college campuses, financial challenges for incarcerated women, pregnancy and policing, and self-care for victim advocates. Coverage of critical topics introduce you to important issues such as gender representation in criminal justice academia, multiple marginalities and LGBT populations, cyberstalking, labor trafficking, and challenges faced by women as criminal justice practitioners. Statistics, graphs, and tables demonstrate the most recent trends in the field to give students an accurate picture of the criminal justice system today.

ENTREPRENEURSHIP FOR ENGINEERS

CRC Press Entrepreneurs have led economies out of downturns in the last 100 years and evidence points to this trend continuing into the future. In fact, regardless of country or economic conditions, entrepreneurial enterprises are on the rise. High-tech start-ups, where innovation, dedication, collaboration, and pure genius align into a successful enterprise, will likely see good times—if they start up right. However, many young researchers hesitate to set up their own company. Written by an electrical engineer with more than nineteen years of successful business experience, Entrepreneurship for Engineers covers every aspect you must master to become a savvy entrepreneur. The author provides coverage of the fundamentals of global economies, accounting, finance, and quantitative business analysis, because ordinary engineers usually lack these necessary survival skills. Outlining a systematic preparation process that will build a great reputation in the commercial marketplace, the author answers: How to start up a company How to create product lines How to collect venture capital How to write successful R&D proposals How to apply forward thinking How to keep cash flowing in a small firm Typical MBA courses include the following curricula: economics, accounting, finance/investment, marketing, and human resources, with courses like Managerial Communications and Quantitative Business Analysis (Applied Mathematics), and finally Strategic Management and Business Ethics. Engineering curricula seldom includes any of this. Supplying almost all the knowledge necessary for operating a corporation, above and beyond what you may find in an MBA program, this book uses an approach to business that is just as disciplined and rigorous as any approach to engineering.

IN PURSUIT OF PURITY, UNITY, AND LIBERTY

RICHARD BAXTER'S PURITAN ECCLESIOLOGY IN ITS SEVENTEENTH-CENTURY CONTEXT

BRILL This contextualised study illuminates the oft-misunderstood aspects of Richard Baxter's ecclesiology: purity, unity, and liberty. In doing so, it sheds further light on the nature of seventeenth-century English Puritanism, and the quest for the true church and the corresponding conflicts between the Laudians and Puritans.

ONE TO MANY

THE SECRET TO WEBINAR SUCCESS

It's no secret that the right type of webinar can easily double or triple your business profits. In fact, many companies today would be bankrupt if it wasn't for having a single, solid webinar. A strong webinar allows you to get more new customers into your business--and allows you to serve and make more profit from your existing customers and clients. Most of your so-called competitors don't use webinars. Or, if they do, they use them poorly. A powerful webinar in an industry where none exists can catapult your company immediately to the top of that market. Jason Fladlien has helped countless businesses use and improve their webinars to the tune of six, seven, eight, and even nine figure wins. For many online businesses, he is their secret weapon for marketing success. For the first time, in his book One to Many, he makes his secrets publicly available to anyone who is willing to do a little work--to increase profits a lot!

THE CASE FOR DIVIDEND GROWTH

INVESTING IN A POST-CRISIS WORLD

Post Hill Press Both the tech bubble burst of 2000, and the financial crisis of 2008, poked significant holes in the primary investment belief of too many investors today—that one can just blindly withdraw from principal, and that equity returns will keep up. Too many investment advisors have taken the path of least resistance, not aware of the risk in systematically withdrawing from what, at times, will be a declining portfolio. Investors seeking to accumulate money for their future needs, and investors needing to withdraw money now for a present need, both have one thing in common: Dividend Growth investing represents a powerful weapon in the achievement of their objectives. Market volatility is not something any investor can escape, but benefitting from it (for accumulators reinvesting dividends), and being insulated from it (for withdrawers taking only from a growing flow of dividend income), are achievable results for those who understand the time-tested, sustainable, intelligent strategy of investing that is Dividend Growth.

THE PURSUIT OF HAPPYNESS

Harper Collins The astounding yet true rags-to-riches saga of a homeless father who raised and cared for his son on the mean streets of San Francisco and went on to become a crown prince of Wall Street At the age of twenty, Milwaukee native Chris Gardner, just out of the Navy, arrived in San Francisco to pursue a promising career in medicine. Considered a prodigy in scientific research, he surprised everyone and himself by setting his sights on the competitive world of high finance. Yet no sooner had he landed an entry-level position at a prestigious firm than Gardner found himself caught in a web of incredibly challenging circumstances that left him as part of the city's working homeless and with a toddler son. Motivated by the promise he made to himself as a fatherless child to never abandon his own children, the two spent almost a year moving among shelters, "HO-tels," soup lines, and even sleeping in the public restroom of a subway station. Never giving in to despair, Gardner made an astonishing transformation from being part of the city's invisible poor to being a powerful player in its financial district. More than a memoir of Gardner's financial success, this is the story of a man who breaks his own family's cycle of men abandoning their children. Mythic, triumphant, and unstintingly honest, *The Pursuit of Happiness* conjures heroes like Horatio Alger and Antwone Fisher, and appeals to the very essence of the American Dream.
